The Alaska Department of Fish and Game assisted the Alaska Department of Natural Resources in preparing the revision of the Bristol Bay Area Plan for State Lands and the revision of the Nushagak and Mulchatna Rivers Recreation Management Plan. We appreciate the opportunity to represent fish and wildlife habitat, harvest, and public use values during the development of the plan. The Department will use the plan as guidance when reviewing proposed uses of state lands in the planning area.

PREFACE

Background and Acknowledgements

This revision of the Bristol Bay Area Plan was completed by the Alaska Department of Natural Resources with assistance from a number of representatives from agencies within and outside of the Department. The following representatives and contacts variously contributed text, edited, reviewed, and assisted in resolving issues with regard to the area plan. The project staff greatly appreciates their help and assistance. We are also indebted to Chester Murphy and Robin Carlson for preparation of the final maps and to Ruth Booth for checking, formatting, and indexing the text in preparation for printing.
