Commercial Use Permit Application Cover Letter

Dear Applicant:

Enclosed are the application materials for an Alaska State Parks Non-Competitive Commercial Use Permit. **Please review this cover letter and the attached application materials carefully.** State law requires that anyone conducting commercial activities within a unit of the State Park system obtain, in advance, a permit issued by the Division of Parks and Outdoor Recreation. Examples of commercial activities include guided activities, charter services, transportation services, outfitting, supply, or equipment sales or rentals within a park. Any activity that meets the definition of commercial activity as defined under 11 AAC 12.340(19) requires a permit.

"11 AAC 12.340(19) "commercial activity" means the sale of, delivery of, or soliciting to provide, goods, wares, edibles, or services in exchange for valuable consideration through barter, trade, or other commercial means; a service offered in conjunction with another sale of goods, wares, edibles, or services, which service involves the use of state park land or water, is a commercial activity whether or not it is incidental to, advertised with, or specifically offered in the original sale; all guide, outfitter, and transportation services are commercial activities if any payment or valuable consideration through barter, trade, cash, or other commercial means is required, expected, or received beyond the normal and customary equally shared costs for food and fuel for any portion of the stay in the park."

To apply for a 2018 permit, please fill out and sign the enclosed two-page application form, along with your completed list of employees (see application attachment). In addition, please enclose with the application a Certificate of Commercial Liability Insurance (see attached General Stipulations for more information on policy requirements). You are NOT required to send copies of your business license, vehicle registrations, or your employees' driver's license, first aid certifications, or applicable licenses. Where applicable, the application form will prompt you to list the license/registration/certificate numbers and expiration dates. All individuals operating under your permit will be required to carry a copy of the signed permit and stipulations while operating in the park. If your employees change during the year, you must submit an updated list to State Parks before such new employees may operate within any state park unit.

Permit Fees:

Permit fees are as follows:

- A non-refundable permit application processing fee of **\$100.00**

General Permit Stipulations for Commercial Operators

The following stipulations apply to all Non-Competitive Park Use Permits for Commercial Activities issued by the Division of Parks and Outdoor Recreation. Noncompliance with the terms described below may result in a citation being issued to the operator for violation of 11 AAC 18.030(c) and possibly the suspension or revocation of the permit.

1. **Payment of Permit Fees.** A non-refundable application processing fee of \$100 must be paid by the applicant prior to consideration of the permit by the Division. If the permit is issued, an additional annual permit fee must also be paid by the applicant prior to commencing the activities authorized under the permit. For purposes of determining the annual permit fee, a “resident” is defined as follows (per AS 16.05.940):
 - a. If the permit is issued to an individual, a “resident” is a person who for the 12 consecutive months immediately preceding the time when the assertion of residence is made has maintained the person’s domicile in the state and who is neither claiming residency in another state, territory, or country nor obtaining benefits under a claim of residency in another state, territory, or country.
 - b. If the permit is issued to a business, a “resident” is a partnership, association, joint stock company, trust, or corporation that has its main office or headquarters in the state.
2. **End of Season Report / Per Client Fees.** Permittee shall submit an End of Season Report by December 1, documenting activities on lands or waters covered by this permit on a form provided by the authorizing officer. (If you are still actively working in the Park unit after December 1st a special exemption is required by the authorizing officer). The Division will assess per client fees based on the numbers reported on your End of Season Report and payment will be required on or before January 1 of the following year. State law, AS 45.45.010(a), allows the State to charge interest in the amount of 10.5% annually on debts owed to the state. A 10.5% annual penalty fee will be assessed for any per client fees that are not paid January 1st. Your annual commercial operator permit will not be issued for subsequent years until the Division receives End of Season Reports and payment of any applicable per client fees for prior years. This report is due whether you conducted commercial activities in a unit of the State Park system or not. No per client fee will be charged for persons who are transported by water or air taxi services directly to or from private property inholdings within a State Park or any government employee on official business who is transported by a commercial operator. For any commercial operator who offers multiple recreational services to a person in any given day (such as guided watercraft tours and overnight camping), only one per client fee shall apply per day, based upon the highest per client fee for the particular activities. Report these individuals only once for any one-day period on the use report form. For water taxi businesses that provide drop-off service with another business providing the customer pick-up, the per client fee will be charged to the drop off company only. The water taxi business that drops the person off will be responsible for recording the drop off numbers on the use report and paying the appropriate fee.
3. **Insurance Required.** Without limiting indemnification, the liability insurance required of commercial operators that provide guiding, outfitting, touring, education expeditions, equipment rentals or other recreational services in State Park Units shall be comprehensive (commercial) general liability insurance with coverage limits not less than \$100,000 per person / \$300,000 combined single limit per occurrence and annual aggregates where generally applicable, and shall include premise operation, independent contractor’s products/completed operations, broad form property damage, blanket contractual and personal injury inducements. The director may require higher increments of liability insurance for activities that carry a higher degree of risk to the participants. The liability insurance policy must also list:

State of Alaska
Department of Natural Resources
Division of Parks and Outdoor Recreation
550 West 7th Ave., Suite 1380
Anchorage, AK 99501

as additional insured and provide for a 30-day notification to the State of cancellation, non-renewal, or material alteration of insurance.

All individuals under this permit shall carry a photo ID and a copy of the signed permit at all times while operating in a state park unit.
10. **Non-Exclusive Use.** This permit shall not be construed as limiting the rights of the authorizing officer to issue similar permits for the same or similar activities in the area covered by this permit. The permittee, agents, or clients shall not interfere with free public use or other authorized use of roads, trails, lands or waters in the area of their activities.
11. **Geographic Limit.** This permit is applicable only for the use of the area designated on the permit. Further, this permit is not applicable to lands not owned or managed by state parks. Under no circumstances will permanent structures be built. The nature and location of the structure shall be specified in an attachment to the permit. If a temporary structure is authorized, the permittee shall remove the structure and any personal property within 30 days of notification to vacate or upon termination of this permit. If the property is not removed within 30 days, the authorizing officer may dispose of the property. The permittee shall not be denied the right to sell, remove or otherwise dispose of any personal property during the 30-day period.

23. **Private Property.** Many State Park units are bounded by private property and permission to use private property must be obtained in advance from the landowner. Use of private land without permission is trespassing.

This includes aggressive and disruptive behavior.
28. **Non Discrimination in Employment and Services.** The permittee and his/her employees shall not discriminate against any employee providing services under this permit or applicant for employment to provide services under this permit because of race, color, religion, sex, national origin, age, or disability.
29. **Amendment.** It is expressly understood and agreed that this permit may be amended at any time through the mutual agreement of the parties or at the discretion of the authorizing officer.

31. **Restitution for Unsworn Falsification.** The permittee agrees to provide restitution of permit fees owed to DNR/DPOR upon a conviction for unsworn falsification for year(s) claiming Alaska Residency. Restitution will be considered the monetary difference between Alaska resident and non-resident fees paid for this permit. Subsequent permits will not be issued until restitution is made.
32. **Revocation/Suspension.** The permittee has read and agreed to the terms of this permit and understands that the breach of any of the terms is cause for revocation or suspension. Presenting false information on a permit application is grounds for non-issuance, suspension or revocation.
33. **Cancellation by the State.** It is understood and agreed that this permit may be revoked at any time at the discretion of the director or his/her designee without compensation to the permittee or liability to the State.
