Re: Intent-to-Adopt version of the Nancy Lake State Recreation Area Management Plan available for public review

Dear interested person,

The comment period for the public review draft of the Nancy Lake State Recreation Area Management Plan (Plan) closed on July 12, 2013. Comments have been reviewed and an Issue Response Summary and a list of Recommended Revisions for the Plan have been developed. The Recommended Revisions document coupled with the Public Review Draft of the Plan constitute the final plan that the planning team intends to bring to the Commissioner of the Department of Natural Resources for adoption. These documents are being made available for public review and comment as part of an Intent-to-Adopt phase of the planning process that offers an opportunity to review changes made to the Plan and to provide final comments. The Public Review Draft and the Recommended Revisions documents are available to view and download at: <http://dnr.alaska.gov/parks/units/nancylk/planning.htm>. Through this site you will also be able to view previous plan related documents, notices, and the Issue Response Summary. You can also view the Public Review Draft of the Plan, the Recommended Revisions document, and the Issue Response Summary in person at the Anchorage Public Information Center or the Division of Parks and Outdoor Recreation MatSu Area Office located at the Finger Lake State Recreation Site during business hours. You are encouraged to contact the Finger Lake Office at 907-745-3975 to determine business hours prior to traveling to the office. **Comments on the Intent-to-Adopt version of the plan must be submitted by April 4, 2016 for consideration prior to plan adoption.** You can submit comments online through the planning website included above or email them to nlsracomments@alaska.gov. Your comments may also be mailed or delivered to:

Nancy Lake State Recreation Area Planning
Resource Assessment and Development Section
550 West 7th Ave, Suite 1050
Anchorage, AK 99501.

You may contact me directly at 907-269-8536 with questions regarding the Intent-to-Adopt phase of the planning process.
