

# Local Food Hero

Northwest Land & Livestock as well as Delta Meat & Sausage are locally owned by Doug and Cathie McCollum.

With the help of their family they raise all natural beef and pork products.

They farm 1400 acres of Brome and Oat hay for livestock feed.

Between cows and hogs, there are over 1000 animals raised annually on the farm.

They are one of the largest livestock producers in Alaska.

They are proud producers and packers of Alaska Grown meats.

"We love raising and marketing the livestock we produce – from the dirt up." – Russ Pinkelman
