

Local Food Hero

"Local food is fresher for sure."

Frank Borman

Borman's Farm produces vegetables, cabbage, peonies, and seed potatoes.

It is a U-Pick farm, meaning that customers pick their own vegetables straight from the field.

Frank's cabbage is served in the school lunches of the Fairbanks North Star School District.

Frank loves growing new varieties and types of products.

Frank enjoys working in the field and believes that farming is a great year round job.
