

2014 NAFS Participating Vendor List

Below is a list of vendors that school districts throughout Alaska have used in sourcing products that qualify for the Nutritional Alaska Foods in Schools (NAFS) grant money. For your convenience, we have sorted the vendors by product type. Some vendors have access to multiple product types; in that case we have categorized them as "OTHER." For more specific information on what products the different vendors carry, we recommend you cross reference the Alaska Grown Source Book available at <http://dnr.alaska.gov/ag/sourcebook/index.htm> and the ASMI Suppliers Directory at <http://suppliers.alaskaseafood.org/>

4-H animals purchased at Junior Livestock Auctions do qualify for the NAFS grant so long as they are processed in a USDA certified slaughter facility.

Business Name	Product	Contact Name	Phone	City	Email	Website
