

Invasive Plants and Agricultural Pest Management Strategic Plan Meeting

March 26th, 2009 9 am to 5 pm

Plant Materials Center

5310 S Bodenburg Spur

Palmer, Alaska 99645.

The Division of Agriculture is holding a public meeting to discuss the creation of a comprehensive state strategic plan for managing invasive plants and agricultural pests (AS 03.05.027(b)(1)). The meeting will solicit public opinions concerning the topics addressed and objectives to be included in the plan. The Division of Agriculture proposes to address the following topics in the plan: prevention, control and management, coordination, education, inventory and monitoring, research, agency regulations and policies, and early detection and rapid response. Additional topics may be addressed as directed by public comment. If you are a person with a disability who needs a special accommodation in order to participate in this process, please contact Gino Graziano at 907-745-8127 or Gino.Graziano@Alaska.gov no later than 5pm March 16th. To attend by teleconference dial 1-800-315-6338 access code 12#. Please RSVP with Gino by March 16th if you plan to attend in person.
