(Use separate application for each field)

2014

APPLICATION DEADLINE JUNE 15, 2014

GROWER'S NAME: _____ FIELD NAME & LOCATION: _____

ADDRESS: _____ PHONE: _____ CELL: _____ EMAIL: _____

Check the type of inspection requested:

- Seed Potato Certification Latent Virus Testing (done at grower's expense) Potatoes for Home Use
 Certification of a Protected Variety (copy of license must be included with certification application)

Required documentation/fees that must accompany application:

- A field map with a planting diagram which clearly identifies field location, variety, generation planted and field dimensions.
- Appropriate documentation for seed/plantlets purchased and to be entered into certification this year.
(Appropriate documentation is certification from an approved laboratory, Plant Health certificate, blue tag or bulk certificate identifying grower, variety, generation and lot # (if provided)).
- Fees are computed as follows: \$30 for the first acre or part thereof; plus \$5 per lot; plus \$20 per acre on total remaining acres.
- Return completed form with required documentation to address above.

A maximum of \$400 will be charged to any one farm.

1st acre fee: \$30 Total # lots _____ X \$5.00 _____ Total acres less 1st _____ X \$20.00 _____
Total Fees \$ _____

I hereby voluntarily apply for inspection and agree to abide by all the rules and regulations governing certification in Alaska. I agree to sell as certified seed potatoes only those which have met all the requirements of the Alaska Potato Seed Certification Program. Potatoes for Home Use cannot be sold as seed. I understand that inaccurate information may be cause to deny certification. I understand incomplete applications and nonpayment of fees may be cause to reject applications. By applying for certification, I grant access to state inspectors or their designees to certifiable fields and seed storage facilities. I assume no liability by granting such access.
