Dear Jon:

Thank you for providing state agencies with an opportunity to review the final draft Environmental Assessment (EA) for the issuance of a Special Use Permit to Ray McNutt for the purpose of stabilizing the bank of Chathenda Creek to protect private property and historic structures. The State of Alaska has no objection to the proposed action for bank stabilization as described in the EA. Please express appreciation to Danny Rosenkrantz for spending time on the phone with me discussing the project.

Sincerely,

Sally Gibert
