> The Alaska Maritime National Wildlife Refuge (AMNWR) is not completely depicted. Areas where it is depicted are shaded; however, they are not outlined. The Alaska Maritime NWR consists of all public lands, including submerged lands and interests therein on islands, atolls, rocks, reefs, spits, and unnamed islets and pinnacles extending seaward from the mean high tide line to the outward extent of the United States, that are or may be declared reserved or withdrawn for the purpose of the Refuge, and the submerged lands and interests therein of the continental shelf adjacent to those islands, rocks, reefs, spits, islets, and pinnacles, to the extent of the interest of the United States in such lands. The refuge is generally depicted on the USGS maps entitled "Alaska Maritime National Wildlife Refuge."

Note: This map shows general land ownership information. When reviewing this map, the following should be kept in mind: 1. Land ownership is complex and changes hierarchically, by entire sections. For example, any portion of a section (640 acres) falling within State Patented or Tentatively Approved land causes the whole section to be depicted as State land, even if the majority of the section is Federal. Approved land is only a fraction of the section, and federal land and/or ANCSA land also occurs in the section.

The land ownership hierarchy is as follows:

1. State Municipal Entitlements or Land Exchanges or Other Land Disposals.
2. Patented Disposed Federal Lands (Native Allotments or Private Parcels).
3. State Patented or Tentatively Approved or Other State Acquired Lands (includes casetypes 101-110, 116-117, 124-126).
4. Alaska Native Claims Settlement Act (ANCSA) Patented or Interim Conveyed.
5. Major Military.
6. National Wildlife Refuges, National Park System Units.
7. National Wild & Scenic Rivers outside National Park System Units and National Wildlife Refuges.
8. National Forests and Monuments, National Petroleum Reserve-Alaska, National Recreation Areas and National Conservation Areas.
9. Bureau of Land Management Public Lands.

The State of Alaska makes no expressed or implied warranties (including warranties of merchantability and fitness) with respect to the character, function, or capabilities of the products or its appropriateness for any user's purposes.
