 The Alaska Marine National Wildlife Refuge (AMNWR) is not completely depicted. Areas within its boundary are shaded, however, they are not outlined. The Alaska Marine NWR is described as follows:
 The Alaska Marine NWR consists of all public lands, including submerged lands and riparian waters on islands, reefs, rocks, reefs, spurs, and submerged rocks and headlands in the coastal zone and adjacent waters of Alaska within the designated subunits: Chukchi Sea, Bering Sea, Aleutian Islands, Alaska Peninsula, and Gulf of Alaska (1978), and include an unincorporated quantity of submerged lands, partly, referred to Federal ownership as generally depicted on the USGS nautical charts. The refuge is generally depicted on the USGS nautical charts. Alaska Marine National Wildlife Refuge dated October 1977.
 Note: This map shows general land ownership information. When reviewing this map, please remember that federal, ANCSA, and state land ownership is depicted hierarchically, by entire section. For example, any portion of a section (640 acres) falling within State Patented or Temporarily Approved land causes the whole section to be depicted as state land, even if the State Patented or Temporarily Approved land is only a fraction of the section, and federal land under ANCSA land also occurs in the section.
 The land ownership hierarchy is as follows:
 1. State Patented, Tentatively Approved or Other State Acquired Lands (Native Allotments or Private Parcels).
 2. Patented Disposed Federal Lands (Native Allotments or Private Parcels).
 3. State Patented or Temporarily Approved or Other State Acquired Lands (includes conveyance 191-114, 116-117, 128-129).
 4. Alaska Native Claims Settlement Act (ANCSA) Patented or Interim Conveyed.
 5. Major Military.
 6. National Wildlife Refuges, National Park System Units.
 7. National Wild & Scenic Rivers outside National Park System Units and National Wildlife Refuges.
 8. National Forests and Monuments, National Petroleum Reserve-Alaska, National Recreation Areas and National Conservation Areas.
 9. Bureau of Land Management Public Lands.
