The Alaska Maritime National Wildlife Refuge (AMNWR) is not completely depicted. Areas where it is displayed are shaded, however, they are not outlined. The Alaska Maritime NWR is described as follows:

The Alaska Maritime NWR consists of all public lands, including submerged waters and tidelands, therein on islands, islets, rocks, reefs, spires, and designated capes and headlands in the coastal waters of Alaska, including the Aleutian Islands, Bering Sea, Chukchi Sea, Beaufort Sea, and the Gulf of Alaska Islands, Alaska Peninsula, and Gulf of Alaska Units, and includes an undetermined quantity of submerged lands, tidelands, and offshore islands and rocks in the Arctic Ocean and Bering Sea and Aleutian Islands. The refuge is generally depicted on the USGS maps entitled, "Alaska Maritime National Wildlife Refuge" dated October 1974.

Note: This map shows general land ownership information. When reviewing this map, please remember that, federal, ANCSA, and state land ownership is depicted numerically, by entire sections. For example, any portion of a section (640 acres) falling within the Arctic National Wildlife Refuge is depicted as the whole section, even if the state land was in Fish Hook Approved but Conveyance Approved land is only a fraction of the section, and federal land and/or ANCSA land also occurs in the section.

The land ownership hierarchy is as follows:

1. State Municipal Entitlements or Land Exchanges or Other Land Disposals.
2. Patented Disposal Federal Lands (Native Allotments or Private Parcels).
3. State Patented or Tentatively Approved or Other State Acquired Lands (includes tentative IFO 174, 176, 177, CIR 539).
4. Alaska Native Claims Settlement Act (ANCSA) Patented or Interim Conveyed.
5. Major Military.
6. National Wildlife Refuges, National Park System Units.
7. National Wild & Scenic Rivers outside National Park System Units and National Wildlife Refuges.
8. National Forests and Monuments, National Petroleum Reserve-Alaska, National Recreation Areas and National Conservation Areas.
9. Bureau of Land Management Public Lands.
