## AUCTION 465 Errata

November 19, 2010:

The Department of Natural Resources's (DNR) original Auction Brochure for Auction 465, published on November 7, 2010, stated the following:

*This lease tract is currently being used under a State of Alaska Land Use Permit, LAS 24897, by Nabors Alaska Drilling. If Nabors is not the successful high bidder, Nabors will remove their equipment and clean the tract (including sampling for and cleanup of contamination that may be present under the equipment) by March 31, 2010.*

DNR acknowledges the error in the clean up date published in Auction 465's Auction Brochure and will use this State Letter to document the necessary modification in the Auction Brochure to the following:

*This lease tract is currently being used under a State of Alaska Land Use Permit, LAS 24897, by Nabors Alaska Drilling. If Nabors is not the successful high bidder, Nabors will remove their equipment and clean the tract (including sampling for and cleanup of contamination that may be present under the equipment) by **March 31, 2011.***
