# State of Alaska Department of Natural Resources Notice of Public Scoping for Possible Updates and Revisions to DNR Regulations

## 11 AAC 64, Shore Fishery

The Alaska Department of Natural Resources (DNR) is considering revising its regulations regarding shore fisheries as outlined in 11 AAC 64. Specifically, DNR is seeking to reevaluate the entire body of shore fishery regulations contained in Chapter 64.

For more information or a copy of the existing regulations and statutes, go to <http://dnr.alaska.gov/mlw/hottopics>, or contact Joe Joyner at Alaska Department of Natural Resources, 550 West 7<sup>th</sup> Avenue, Suite 1070, Anchorage, AK 99501-3577, [joe.joyner@alaska.gov](mailto:joe.joyner@alaska.gov), or (907) 269-8511.

DNR is asking affected members of the public, set net associations, and relevant industry organizations for their suggestions regarding these regulations. DNR is interested in the public's ideas that will provide for a more efficient, cost effective and reasonable leasing process. Your comments can address any issue related to leasing of state tide and submerged lands for shore fishing purposes, including staking of lease sites, the application process, public notice, the decision making process, competing application decisions, protests or appeal of decisions, lease renewals, terminations, and other provisions that should be addressed in Chapter 64.

Written comments, suggestions, and other input must be received by the department no later than **5:00 p.m. on Friday, July 31, 2015**. Please send all submissions by mail or email to:
