

Staking Map: QUARTZ CREEK WEST

Remote Recreational Cabin Site Area No. 1103203

This staking map is for graphic representation only and is not intended to be all-inclusive. It is intended to be used as a guide only, and may not show the exact location of existing surveyed parcels or show all easements and reservations. Source documents remain the official record and should be reviewed prior to staking. Monuments found in the field take precedence over the graphic record. All Alaska State Land Surveys (ASLS) have survey monuments at each Parcel corner, which can be used as reference points when staking. See the survey plats for information on corner numbers, bearings and distances.
