

**FINAL FINDINGS of FACTS and DECISION**  
**Jonesville Underground Mine Permit Renewal U-0201**

The Alaska Department of Natural Resources (DNR), Division of Mining, Land and Water (DMLW) has completed its review of the Jonesville Mine permit renewal application, submitted by Ranger Alaska, LLC, 110 N. Rubey Dr; Suite 201, Golden Colorado, 80403. The DMLW found the renewal application to be complete, consistent with AS 27.21 and 11 AAC 90 and makes the following Final Findings of Fact and Decision.

1. A request for a permit renewal of Underground Coal Mining Permit U-0201 was filed with the Division of Mining, Land and Water on December 9, 2009. Renewal of the permit has been requested in accordance with AS 27.21.080(d) and 11 AAC 90.129(b).
2. The renewal request contains all the information required by 11 AAC 90 and is sufficient for this office to make a decision.
3. This renewal request is for an additional five-year term and includes the permit areas previously approved in the existing permits. No changes or modifications to the operation or reclamation plan are being proposed. No changes or modifications to the reclamation plan are being proposed.
4. The application has met the technical requirements of the Alaska Surface Coal Mining Program (AS 27.21, 11 AAC 90) subject to the stipulations of the permit, which can be revised to ensure that the surface coal mining and reclamation operations will comply with these requirements.
5. Public notice of this permit renewal application was given for the period starting on July 21, July 28, August 4, and August 11, 2010. On these dates legal advertisements were placed in the Anchorage Daily news, on the DNR Public Notice website and in the Sutton, Palmer, and Wasilla, Alaska post offices. The Public Notice was also circulated to all applicable federal, state, borough, and local agencies and circulated to all interested parties on the current mailing list for comment. Deadline for comments regarding this permit renewal was September 10, 2010.
6. At the request of the local community, the Department of Natural Resources extended the public comment period to 5:00pm, October 12, 2010. This was further extended to 5:00pm, October 19. Legal notices regarding the extensions were published in the Anchorage Daily News.
7. During the public notice period, the department received 55 individual comments concerning the proposed renewal.
8. At the request of the local community, an informational meeting was held October 11 on site from 5:00pm to 6:00pm. About thirty members of the public attended the meeting.
9. An Informal Conference under 11 AAC 90.115(b) was held January 24, 2011 at the Sutton Elementary School. Seventy five members of the public attended the informal conference and 34 individuals gave public testimony.

10. A separate response summary to the comments received during the comment period and during the informal conference has been created and is located in an attached document titled "Appendix A: DNR Responses to Public Comments concerning the Jonesville Mine Permit Renewal".
11. Pursuant to 11 AAC 90.205(d) the Division has determined that a currently held reclamation bond in the amount of \$251,615.00 will be sufficient to guarantee the present obligations under this permit. The bond is conditioned upon the completion of the required reclamation work and with compliance of all terms, stipulations, and conditions of the original permit and this renewal.
12. The approved permit area is not within an area designated unsuitable for mining under AS 27.21.260.
13. The proposed coal mining activities will not affect threatened or endangered species or their critical habitat.
14. The application does not propose any activities within the Alaska Coastal Zone boundary.
