**SUBJECT:** Trip Report to Pebble on  
August 26, 2003

Yesterday, on my flight back from the Bonanza Hills to King Salmon, I stopped and inspected Northern Dynasty's (ND) exploration activity on their Pebble property. ND's APMA indicates they will have two drill rigs operating this year, and upon my visit both drills were working. The drill site pictures below are of the drill sites situated in Township 3 South, Range 35 West, Southeast Quarter of Section 16 and 21, Seward Meridian.

Conclusions and Recommendations: Drill site looks good.
