Bristol Bay Area Plan
issued 11/03/06
revised …

Please note the following errors and updates to the 2005 Bristol Bay Area Plan (BBAP). strikethrough is deleted and underline is added.

Map O-2
The map displays the northwest quarter of T8S, R44W S.M. as state land. It is designated for General Use as part of Unit #R06-42. In fact, no portion of this township is state-owned but this entire township is state-selected land. The BBAP addresses this situation with procedures outlined in a section titled “Applicability of Plan Designations/Classifications to State Lands not Identified in the Plan Text or Plan Maps” found on page 4-8 of the BBAP. Following this protocol, the portion of this township within Region 6 will be managed according to the management intent and guidelines applicable to the adjacent land in unit #R06-42 and is designated General Use. That portion of the township within Region 10 will be managed according to the management intent and guidelines applicable to the adjacent land in unit #R10-06 and is designated General Use.
