

## **Tanana Basin Area Plan Amendment Approved Revisions**

Below you will find a summary of the approved revisions to the Public Review Draft (PRD) of the Tanana Basin Area Plan Amendment. These revisions include the unit specific changes, an update to the table included in the PRD describing the units and classifications as well as an update to the corresponding Land Classification Order.

### **Unit Specific Changes to the PRD by map name:**

#### Browns Court

It should be noted that the area being postponed for conveyance to the borough in the municipal entitlement decision has been modified based on a recent site inspection that confirmed the extent of an illegal garbage dump. The amendment area and classification will remain the same but the map will be revised to show the new postponement area.

#### Slate Creek

Unit 4F7 will be revised to exclude the south half of the unit in section 34. See the revised map.

#### Panguingue A

Unit 4E2 will be eliminated from the Amendment and the current classifications and unit number will remain in place.

#### Panguingue B

Unit 4F8 will be revised to exclude sections 3, 4 and 5. See the revised map.

#### Otto Lake

Unit 4E3 will be revised to exclude Dry Creek and the south half of the unit in section 35. See the revised map.

#### Nenana Canyon

Units 4R7 and 4F10 will be revised to exclude those portions south of Bison Gulch where it bisects the highway, roughly between mile 243.7 and Iceworm Gulch at mile 239.5. Units 4D4 and 4C3 will be eliminated all together from the Amendment and the current classifications and unit numbers will remain in place. See the revised map.

#### Yanert B

Unit 4R8 will be revised to exclude Lot 3 of USS 5566. See the revised map.

**PRD Table Changes:**

The proposed management subunits being eliminated are shown with a strike-through line. The current management subunit number and classification will remain in place for these areas.
