Fax: 907.269.8915

### **Yukon Tanana Area Plan - Public Comment Period Extended**

The Alaska Department of Natural Resources (DNR) has revised the state land use plan for over 9 million acres of state land within the Yukon Tanana Area Plan (YTAP). The plan revision entered the Intent to Adopt (ITA) phase of the planning process on October 2, 2012 with a one month public comment period. This public comment period has now been extended to **December 3, 2012**.

A Public Review Draft of the YTAP was released on June 22, 2012 followed by a public comment period that ended on August 31, 2012. An Issue Response Summary was drafted in response to the 38 public comments that were received and it was released for public review on October 2, 2012. The draft of the plan, including maps and the Issue Response Summary are available online at: <http://dnr.alaska.gov/mlw/planning/areaplans/ytap/>.

The state has extended the public comment period for the ITA to address unresolved concerns and review the recommended revisions. **Your written comments are encouraged and must be received on or before December 3, 2012 by mail, email, or fax to the contact below or through the YTAP website provided above.**
