

Hatcher Pass Management Plan Revision Project

1. What areas within the management plan boundaries do you utilize most for recreational purposes?
(Indicate on the map)

2. When do you use this area the most? (Indicate seasonal use if relevant)

3. What types of recreation do you practice the most?
(List any types you participate in; motorized, non-motorized, other)

4. What type of equipment do you use? (i.e. Snow Machines, ATV's, Ski's, Snowboards, etc?)

5. How often do you participate in recreational activities in the area?

6. What types of conflicts about recreational use in this area have you experienced? If none, indicate none.

∴ parking lot full esp weekends

∴ trail damage - who is responsible for repair to groomed trails?
Peaks?

7. Are there specific areas that you have experienced these conflicts in? How Often?
(Indicate on the map)

East side

8. Other Issues:

need

Mascot bus for 16 mile traffic

Meeting Date: 3/31/09.

1. What areas within the management plan boundaries do you utilize most for recreational purposes?
(Indicate on the map)

SEE MAP

2. When do you use this area the most? (Indicate seasonal use if relevant)

NOV - MAY

3. What types of recreation do you practice the most?
(List any types you participate in; motorized, non-motorized, other)

SNO GO, SNOWSHOES

MOTORIZED $\frac{1}{3}$ NON MOTORIZED

4. What type of equipment do you use? (i.e. Snow Machines, ATV's, Ski's, Snowboards, etc?)

SNOGO - SNOWSHOES

5. How often do you participate in recreational activities in the area?

HATCHER PASS → MONTHLY

6. What types of conflicts about recreational use in this area have you experienced? If none, indicate none.

COMPLAINTS FROM NON-MOTORS THAT THEY DON'T WANT SNOGOS IN THE AREA. I'VE HEARD IT FROM RANGERS (PAT MURPHY) AND ABUSIVE SKIERS, IN THE PASS.

7. Are there specific areas that you have experienced these conflicts in? How Often?

(Indicate on the map)

IN THE PASS. MAYBE ONCE OR TWICE A YEAR.

8. Other Issues:

SNOW GOERS ARE THE ONLY GROUP WILLING TO SHARE. ALL THE OTHERS DON'T EVEN WANT TO SHARE WITH OTHER NON MOTOR GROUPS.

Hatcher Pass Management Plan Revision Project

1. What areas within the management plan boundaries do you utilize most for recreational purposes?
(Indicate on the map) AREA MARKED IN BLUE ON MAP
2. When do you use this area the most? (Indicate seasonal use if relevant)
WINTER
3. What types of recreation do you practice the most?
(List any types you participate in; motorized, non-motorized, other)
MOTORIZED
4. What type of equipment do you use? (i.e. Snow Machines, ATV's, Ski's, Snowboards, etc?)
SNOW MOBILES
5. How often do you participate in recreational activities in the area?
TWICE A MONTH DURING WINTER
6. What types of conflicts about recreational use in this area have you experienced? If none, indicate none.
NON-MOTORIZED USED COMPLAINING ABOUT NOISE AND AIR POLLUTION
7. Are there specific areas that you have experienced these conflicts in? How Often?
(Indicate on the map) PARKING LOTS
8. Other Issues:
LACK OF ADEQUATE PARKING FOR LARGER RIG'S
EAST AND WEST SIDE

Meeting Date: 3/31/09

Hatcher Pass Management Plan Revision Project

1. What areas within the management plan boundaries do you utilize most for recreational purposes?
(Indicate on the map) Gov. Peak unit, Hillside Unit, Lucky Shot, Willow Creek, Willow Mountain, Archangel Unit,
2. When do you use this area the most? (Indicate seasonal use if relevant)
Winter & Summer
3. What types of recreation do you practice the most?
(List any types you participate in: motorized, non-motorized, other)
Snowmobile
4. What type of equipment do you use? (i.e. Snow Machines, ATV's, Ski's, Snowboards, etc?)
Snowmobile, ATV's
5. How often do you participate in recreational activities in the area?
10 days a year in winter
10 days a year in summer
6. What types of conflicts about recreational use in this area have you experienced? If none, indicate none.
None
7. Are there specific areas that you have experienced these conflicts in? How Often?
(Indicate on the map) We used to Ride in Bear Valley and to the south of the road up to the pass. in Gov. Peak unit.
There was never a conflict then.
8. Other Issues:
We also went to Reed Lakes. with no conflicts

We need more parking for large trailers. the lots need to be doubled in size.

Meeting Date: _____

3/31/09

Hatcher Pass Management Plan Revision Project

1. What areas within the management plan boundaries do you utilize most for recreational purposes?
(Indicate on the map)

all state public use land

2. When do you use this area the most? (Indicate seasonal use if relevant)

winter

3. What types of recreation do you practice the most?
(List any types you participate in; motorized, non-motorized, other)

Snowboarding, Snow machining, Photography, Hiking

4. What type of equipment do you use? (i.e. Snow Machines, ATV's, Ski's, Snowboards, etc?)

Snow machines

Snow boards

5. How often do you participate in recreational activities in the area?

4-8 days a month ~~sometimes~~ sometimes more

6. What types of conflicts about recreational use in this area have you experienced? If none, indicate none.

none really, I think everyone should share the space. Its state land it should be for all the state to use, what ever your prefferance

7. Are there specific areas that you have experienced these conflicts in? How Often?
(Indicate on the map)

8. Other Issues:

more parking would be nice on the Palmer side

Meeting Date: 3/31/09

Public Comment Form

Please use this form to provide comments on the *Hatcher Pass Management Plan Revision Project*.

This is state land so the whole public should be able to enjoy it in what ever way they like. If you start restricting more ares for anything that just takes away someone else's rite to enjoy the ared in the way they like. Its is as simple as learning to share. I am for less restriction and more enjoyment.

Hatcher Pass Management Plan Revision Project

1. What areas within the management plan boundaries do you utilize most for recreational purposes?

(Indicate on the map)

willow mtm unit, willow creek/craigie ck
Fishhook parking lot

2. When do you use this area the most? (Indicate seasonal use if relevant)

winter

3. What types of recreation do you practice the most?

(List any types you participate in; motorized, non-motorized, other)

snowmobiling + ATVs, 4 wheeling

4. What type of equipment do you use? (i.e. Snow Machines, ATV's, Ski's, Snowboards, etc?)

snowmobiling, ATVs, Jeeps

5. How often do you participate in recreational activities in the area?

monthly, summer + winter

6. What types of conflicts about recreational use in this area have you experienced? If none, indicate none.

None

7. Are there specific areas that you have experienced these conflicts in? How Often?

(Indicate on the map)

None

8. Other Issues:

~~I~~ I don't want any more closures and actually want some closed areas opened for motorized use.

Meeting Date:

3-31-08

Hatcher Pass Management Plan Revision Project

1. What areas within the management plan boundaries do you utilize most for recreational purposes?

(Indicate on the map) See Map 2 - 3/31/09, Blue highlighter circled area.

2. When do you use this area the most? (Indicate seasonal use if relevant)

Wintertime 80% Summer 20%

3. What types of recreation do you practice the most?

(List any types you participate in; motorized, non-motorized, other)

SUMMER

WINTER Snowmachining } 90% mtn. bike
Snowboarding } drive an SUV over the pass
XCSKI - 2%
hike - 8%

4. What type of equipment do you use? (i.e. Snow Machines, ATV's, Ski's, Snowboards, etc?)

Snowmachine
snowboard
skis ect.

5. How often do you participate in recreational activities in the area?

OUT OF the open snow machine season, 2.5 days/week

6. What types of conflicts about recreational use in this area have you experienced? If none, indicate none.

none

7. Are there specific areas that you have experienced these conflicts in? How Often?

(Indicate on the map)

8. Other Issues:

My usage is mainly using a snow machine to go snowboarding. Early Season I'll hike in areas just off the road. When the pass opens for sleds, I take off up to the Saddle (April Bowl area) and drop into the first valley to find the good snow. I've ridden in Hatcher's for the past 3 seasons and have not had any conflicts w/ other users.

Meeting Date: 3/31/09

Over
7

→ Some days get busy. Good dumps, bluebird skies, people are coming out. With any busy day there are more people to be aware of, especially in the congested areas (those located near the roads). ~~but~~ I have never had any, nor seen any, conflicts in the congested areas, usually traffic flow well. I understand some people's preferences make sharing the congested areas (Archangel too!), ie loud sled, exhaust, ect. If another routing system could be established, sleds on this trail, non motors on that trail, ~~maybe~~ both parties could be agreeable. At the time I feel the way things are, ~~is~~ is just fine.
