Public Use Cabin

A few necessary do's and don'ts:

- Do not leave food or garbage in the cabin at the end of your visit. It might seem helpful to share food with future cabin users, but food (even in airtight containers) attracts bears and small animals. It doesn't take them long to seriously damage a cabin. Please pack out everything you packed in.
- Do not leave cookware, sleeping pads, or other items in the cabin at the end of your visit.
- Please leave some cut dry wood for the next visitor. A bow saw and ax are provided for your use. Only DOWN trees may be cut. Firewood may not be removed from the premises or the recreation site.
- Keep the fire in the stove under control. Do not leave the dampers open when you are not in the cabin, as a fire could start and destroy the cabin. Close all dampers completely at the end of your visit. Stove instructions are posted on the wall.
- Please dispose of all waste water in the toilet. Water dumped outside the cabin is unsightly, unsanitary, and attracts unwanted wildlife. **Do not place garbage in the toilet, please pack it out.**
- Target practice is prohibited. Much of the recreation area is closed to the discharge of weapons. See regulations for details.
- Stay alert and cautious of any trapping activity in the area. Traps and bait may be located near trails. Children and pets should be monitored closely.
- Please tie dog teams and horses at least 100' from the cabin. Do not tether animals to live trees. Use a cable or other anchor system which does not allow the animals to scar living vegetation.
- Feel free to write your comments in the cabin's logbook. Please report any missing or damaged furnishings or other problems to the State Parks office in Fairbanks immediately.

Check out time is 12:00 noon.
