The Eagle River snowmobile area allows users to travel the Eagle River watercourse and gravel bars downstream of the confluence of Icicle Creek and Eagle River, excluding the South Fork and Meadow Creek. The snowmobile access points are from the Eagle River Nature Center located at mile 12 of the Eagle River Road, North Fork Eagle River Access Day Use Area, and the Eagle River Greenbelt Access Trailhead (Briggs Bridge River Access).

Exercise caution when traveling through this area. Expect overflow, thin ice and open water leads. Users should carry the necessary equipment to recover snowmobiles.

Snowmobile openings are based on the amount of packed snow base, vegetation cover and river safety. To see the latest snowmobile openings and closures please visit: dnr.alaska.gov/parks/asp/curevnts.htm

Snowmobile registration is required AS 28.39.010.
