Peters Creek Valley Trail Profile

Trail Description:

Trailhead provides access to Bear Mountain and Mt. Eklutna. Bear Mountain trail branches off from the main valley trail after $\frac{1}{4}$ mile. Old roadbed ends at mile 5; trail continues 9 more miles into upper Peters Creek Valley.

Park Rules:

Camping is only allowed over $\frac{1}{2}$ mile from the trailhead. Camping in an undeveloped area of a state park is limited to 10 consecutive days. Fires are allowed on gravel bars below timberline in the Peters Creek drainage.

Visit <http://dnr.alaska.gov/parks/units/chugach> for a complete set of park rules.

Safety and Considerations:

Old roadbed has steep muddy sections and stream crossings without bridges. Unmarked trail beyond mile 5 can be easily lost. Limited trailhead parking. Private property along first $\frac{1}{4}$ mile of trail. Be respectful of local landowners. Area subject to trapping during winter months.

Special Features:

Quiet wooded valley for the first 5 miles. Skiing is excellent. Much of the valley is open to snowmobiles when snow conditions are adequate to protect underlying vegetation.
