Information on e-Recording

Electronic recording delivery service is currently provided through Simplifile, however an e-Recording portal is open to other e-Recording Providers as of April 1, 2015. Annual fees, per document fees, and who may participate as a Submitter vary with each e-Recording Provider (any e-Recording fees are paid to the Provider and are in addition to State recording fees). Typically, if you are an individual submitting only a few documents annually, the service may not be available to you. Most Title Companies in Alaska are authorized Submitters and may be able to submit your document electronically for a fee. Check with your local title company to determine if this service is available.

Please note: DNR is not responsible for the content or privacy practices of non-DNR websites to which this department or its units may link. Such links do not imply an endorsement of that organization, site, product, or service.
