agrees to meet the requirements of Alaska Statute 27.19 for reclamation of the material mining operation described below, as security for which the miner submits unto the State of Alaska, Department of Natural Resources, the sum of

\$ _____ for payment into the Statewide Bond Pool. The material mining operation is

located within Section(s) _____, Township _____, Range _____,

Meridian _____. The Statewide Bond Pool contribution amount was calculated per 11 AAC 97.425 as follows:

Total number of acres in the mined area for the **current** calendar year _____ as presented in the reclamation plan under the above referenced authorization (ADL or LAS): _____.

Acreage must be rounded up to the next whole acre. This acreage must include all areas disturbed by the mining operation after October 15, 1991, and not yet reclaimed. If a mining operation disturbs a previously mined area on or after October 15, 1991, that area must be included in the acreage to be bonded.

Refundable bond pool deposit: _____ acres x \$112.50 = \$ _____

Non-refundable bond pool annual fee: _____ acres x \$37.50 = \$ _____

Total: \$ _____

Make checks payable to Alaska Department of Natural resources. The refundable bond deposit will be refunded after reclamation has been approved by ADNRR and the material miner has requested the refund per 11 AAC 97.435. The annual nonrefundable fees are due by April 1st of each year or before mining operation begins in each year, whichever is earlier. A late payment automatically suspends approval of the reclamation plan until full payment, including the late-payment fee set out in 11 AAC 05.030, is received. During such a suspension, the miner may not engage in a mining operation.
