

STATE OF ALASKA, DEPARTMENT OF NATURAL RESOURCES  
DIVISION OF MINING, LAND, & WATER  
LAND SALES SECTION

**Proposed Land Sale of the former Geologic Materials Center in Eagle River**

**NOTICE OF A PUBLIC SCOPING MEETING**

To be held at

**Atwood Conference Center in Anchorage**

**January 19, 2018**

**6:00 till 8:00 PM**

---

The Alaska Department of Natural Resources (DNR) proposes to sell 9.37 acres of state-owned land located off Fish Hatchery Road in Eagle River. The property has been used by DNR for the Geologic Materials Center since the 1980s, but it is no longer needed for this purpose. Therefore DNR proposes to sell the land and the buildings on the property.

DNR will be holding a public scoping meeting at the Atwood Conference Center so we can learn about public priorities and concerns. This will not be a formal public hearing.

The Atwood Conference Center is located at 550 West 7th Avenue in downtown Anchorage. If you have questions about the venue, please call the Anchorage DNR Public Information Center at 907-269-8400.

This meeting won't be the only opportunity for the public to participate. There will be a public comment period available later in the proposal process. Please feel free to contact me if you have any input, questions or want more information.
