DRAFT of ATTACHMENT

to the
PRINCE OF WALES ISLAND AREA PLAN AMENDMENT

Management Unit 6 – Coffman Cove, Subunit 6a

related to the
Proposed Coffman Cove Loop Subdivision – ADL 108055

Name: Located within DNR’s Southeast Region, approximately one mile southwest of Coffman Cove on Prince of Wales Island, the project area is within Government Lots 9, 10, and 13, SE1/4SW1/4, SE1/4 and S1/2SE1/4NE1/4 of Protracted Section 2, Township 68 South, Range 81 East, Copper River Meridian, excluding ASLS 96-61 and ASLS 86-163.

Authority: The authority to revise plans derives from AS 38.04.065(b) Land Use Planning and Classification. 11 AAC 55.030(f) Land Use Plan defines when a revision constitutes a plan amendment.

Current Plan: The plan currently states that portions of the management unit, “...are designated Settlement-Commercial. Future commercial-industrial development is intended to occur at this site.” (pg. 3-86, POWIAP)

Proposed Plan Amendment: The proposed plan amendment will allow for residential development within this management unit, in addition to the commercial-industrial development that is already allowed. The designation will be changed from Settlement-Commercial to Settlement.

Explanation: The Prince of Wales Island Area Plan was adopted in 1985, revised in 1998 and amended in 2008. The plan recognizes that residential land disposals may be desirable within the planning area, but did not make any accommodation for them. LSCAS conducted a scoping meeting with administrators and residents of the City of Coffman Cove on February 26, 2014. Those in attendance at the meeting indicated their desire for residential land within this management unit and also indicated a preference for commercial-industrial uses to occur closer to the town center. There is a demand from the public to obtain Settlement-classified land in the area. The parcels are appropriate for offering as provided in the Preliminary Decision dated ____________________________, 2015.

Assessment: The following alternatives are being considered:

1. (Preferred) Amend the Prince of Wales Island Area Plan as described above to allow for residential development in addition to commercial/industrial development, which is already allowed, and to change the designation from Settlement-Commercial to Settlement. Amending the plan is the preferred alternative as it will allow the sale of settlement-classified land, providing the public an opportunity to obtain property in a desirable area.
2. (Status Quo) Do not amend the Prince of Wales Island Area Plan. This alternative is not preferred as it would disallow the offering of settlement-classified land for residential purposes and deny many Alaskans the opportunity to obtain land in this area.

Requirements of AS 38.04.065 (b): The factors identified in this section of statute have been considered in the Preliminary Decision for the proposed Coffman Cove Loop Subdivision – ADL 108055 issued on ______________________, 2015 and the proposed action is consistent with that portion of the statute.
