**Big River Staking Map (South Half)**

The south half of the Big River staking map is corrected to remove the 100 foot staking setback from the three braided forks that branch off of Big River to the east. The map will reflect that staking is allowed up to the ordinary high water mark but not across these forks. Two of the forks are the North Fork and Lyman Fork (not labeled). The third fork is unnamed and lies between the North Fork and Lyman Fork commencing in Section 11, Township 21 North, Range 29 West, Seward Meridian.
