

NOTES

- A. This survey was accomplished in accordance with AS 38.05.600, RRCS-SI 2002-7 and contract number GSC 650.
- B. All bearings shown are true bearings as oriented to the Basis of Bearing and distances shown are reduced to horizontal field distances.
- C. The accuracy of the survey is greater than 1:5000.
- D. All parcels of land owned by the State of Alaska, located within 50.00 feet of, or bisected by a surveyed or protracted section line, are subject to a 50 foot(50') easement, each side of the section line, which is reserved to the State of Alaska for public highways under A.S. 19.10.010.
- E. The existing lessee's claim corners were recovered and used to control the location of the tract boundary.
- F. BASIS OF BEARING The Basis of Bearing for this plat was determined by high precision GPS survey using Topcon GGD receivers, differentially corrected and processed using GeoGenius 2000, Version 2.1 software.
- G. The natural meanders of the line of ordinary high water forms the true bounds of portions of Tracts E, F and K. The approximate line of OHW as shown, is for area computations only, with the true corners being on the extension of the sidelines and their intersection with the natural meanders.
- H. The 2002 mean magnetic declination was determined by calculation using the Magnetic Declination Calculator (MIRP) maintained by Natural Resources Canada at http://www.geolab.nrcan.gc.ca/geomag/mlrp_a.shtml

PLAT APPROVAL

This plat is approved by the Commissioner of the Department of Natural Resources, or the commissioner's designee, in accordance with AS 40.15

Sandra Singer
for Commissioner

12-15-03
Date

By approval of this plat, the Commissioner of the Department of Natural Resources hereby accepts for public uses and for public purposes the real property dedicated to the public by this plat including easements, rights-of-way, alleys, and roadways shown on this plat. The acceptance of lands for public use or public purposes does not obligate the public or any governing body to construct, operate, or maintain improvements.

CERTIFICATE OF OWNERSHIP

I, the undersigned, hereby certify that I am the Director, Division of Mining, Land and Water and that the State of Alaska is the owner of ASLS 2002-7 as shown hereon. I hereby approve this survey and plat for the State of Alaska and dedicate for public or private use as noted, all easements, public utility areas, and rights-of-way as shown and described hereon.
