

CANNERY CREEK REMOTE RECREATIONAL CABIN SITES INDEX SHEET

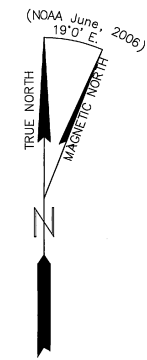

NOTES:

1. This survey was accomplished in accordance with AS 38.05.600, GSC 706 and RRCS SI 2005-24.
2. All bearings are true bearings as oriented to the Basis of Bearing and distances shown are reduced to horizontal field distances.
3. The accuracy of this survey is greater than 1:5000.
4. All parcels of land owned by the State of Alaska, located within 50.00 feet of, or bisected by a surveyed or protracted section line, are subject to a 50 foot (50') easement, each side of the section line, which is reserved to the State of Alaska for public highways under AS 19.10.010.
5. The existing lessees' claim corners were recovered and used to control the location of tract boundaries.
6. The natural meanders of the line of ordinary high water (OHWL) form the true bounds of Tracts A, B, C and D. The approximate line of OHW, as shown, is for area computations only, with the true corners being on the extension of the sidelines and their intersection with the natural meanders.
7. Tracts A, B, C, and D are subject to a 100' building setback from the ordinary high water mark of the adjoining unnamed lake. Tract D is also subject to the same setback from the adjoining unnamed creek.
8. The Kenai Peninsula Borough is not responsible for road construction or road maintenance.
9. **WASTEWATER DISPOSAL:** These lots are at least 200,000 square feet or a nominal 5 acres in size and conditions may not be suitable for onsite wastewater treatment and disposal. Any wastewater treatment or disposal system must meet the regulatory requirements of the Alaska Department of Environmental Conservation.
10. **BASIS OF BEARING:** The basis of bearing for this plat was determined by high precision GPS survey, using Topcon/Javad Legacy, Legant E, and Odyssey receivers, differentially corrected and processed by Topcon Tools Vers. 6.04 software. A local grid was established oriented to true geodetic north at
Lat: 60°34'28.88873" Long: 152°21'22.84461" NAD 1927
(Lat: 60°34'26.79169" Long: 152°21'30.96708" NAD 83)
(being the 1/4 corner, Section 25, Section 36, Township 6 North, Range 18 West, Seward Meridian, Alaska).
11. **COORDINATES:** The coordinates used were constrained to the National Spatial Reference System (NSRS) based on a solution computed by the NGS OPUS program, using CORS stations KEN1, TSEA and ZAN1, which yielded a NAD 83 (CORS96) (epoch:2003:0000) position, extended to the corner locations by static survey methods, and converted to NAD 27 using the CORPSCON utility.
12. Ties shown between lots are mean true bearings (NAD83) with ground distances.

SURVEYOR'S CERTIFICATE
I hereby certify that I am properly registered and licensed to practice land surveying in the State of Alaska, that this plat represents a survey made by me or under my direct supervision, that the monuments shown hereon actually exist as described, and that all dimensions and other details are correct.
Date: 4/17/07
Registration No.: 4469-S
Donald E. Mullikin,
Professional Land Surveyor

CERTIFICATE OF OWNERSHIP AND DEDICATION
I, the undersigned, hereby certify that I am the Director, Division of Mining, Land, and Water, and that the State of Alaska is the owner of ASLS 2005-24 as shown hereon. I hereby approve this survey and plat for the State of Alaska, and grant for public or private use as noted, all easements and public utility areas as shown and described hereon.

Dated August 7, 2007.
Sandra Singer
Director, Division of Mining, Land and Water

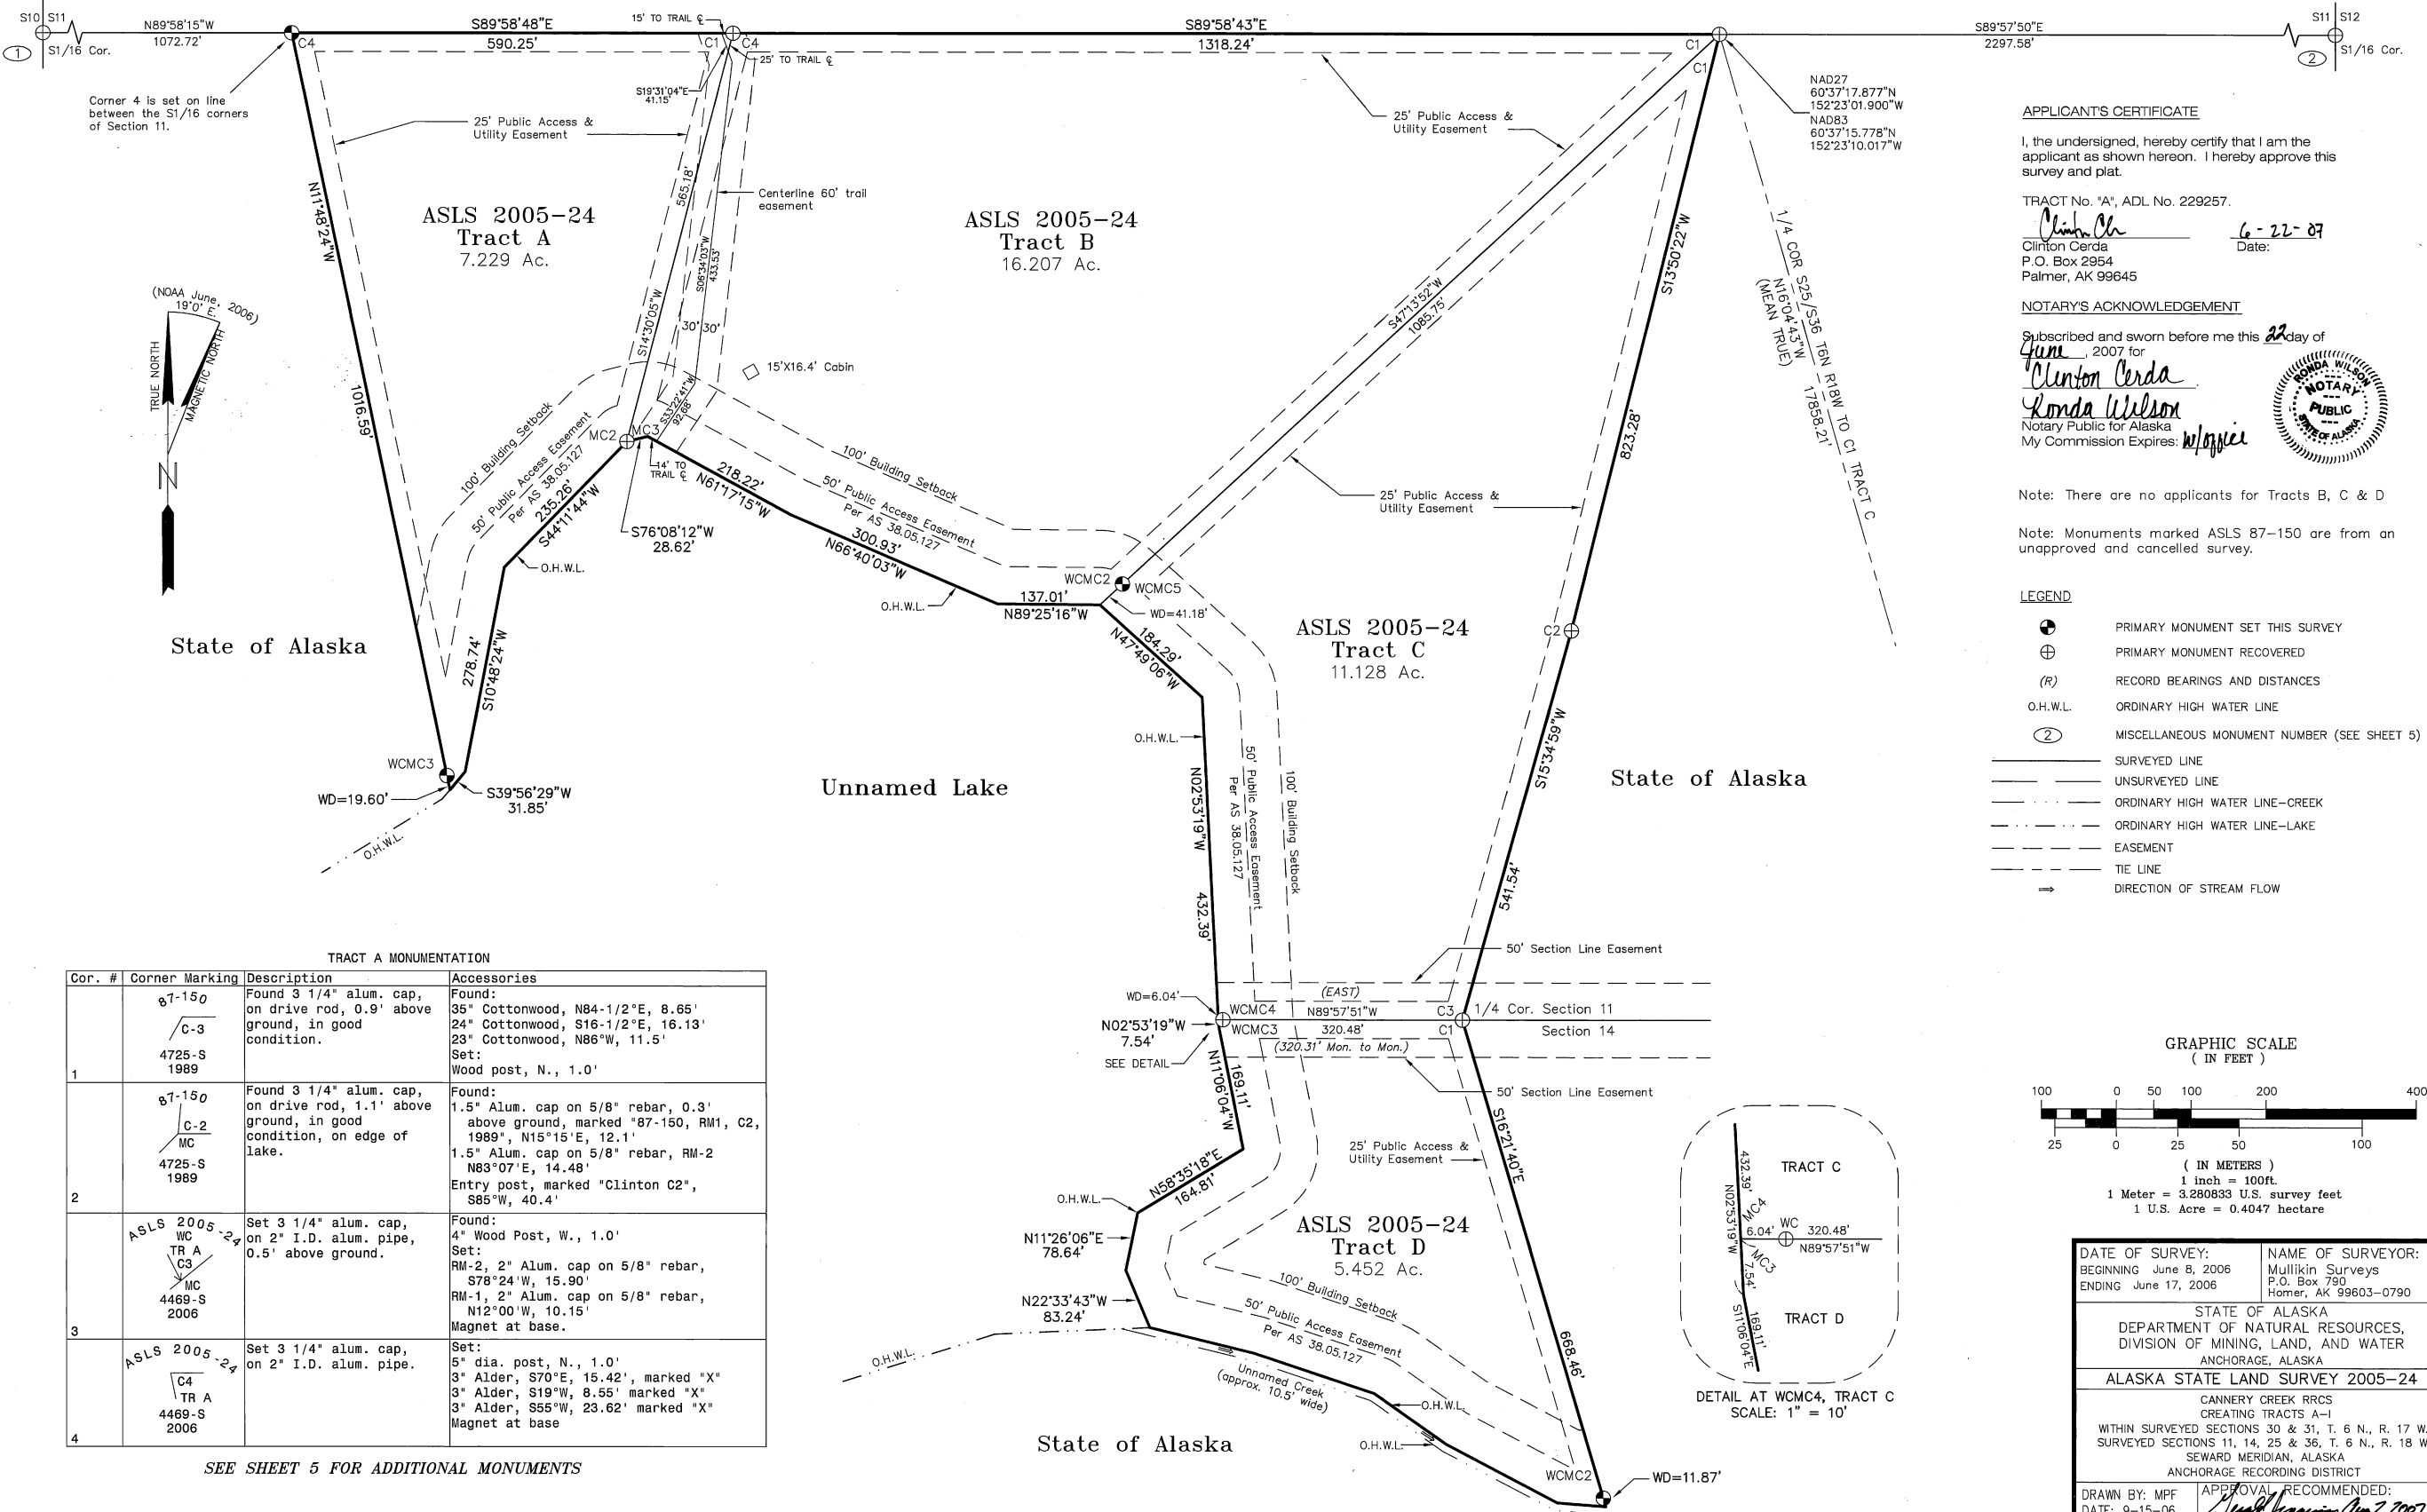

NOTARY'S ACKNOWLEDGEMENT
Subscribed and sworn before me this 7th day of AUGUST, 2007 for
SANDRA SINGER
Notary Public for Alaska
My Commission Expires: 1-9-09

PLAT APPROVAL
This plat was approved by the Kenai Peninsula Borough Planning Commission at the meeting of November 13, 2006.
