

DILLINGER RIVER REMOTE RECREATIONAL CABIN SITES INDEX SHEET

NOTES:

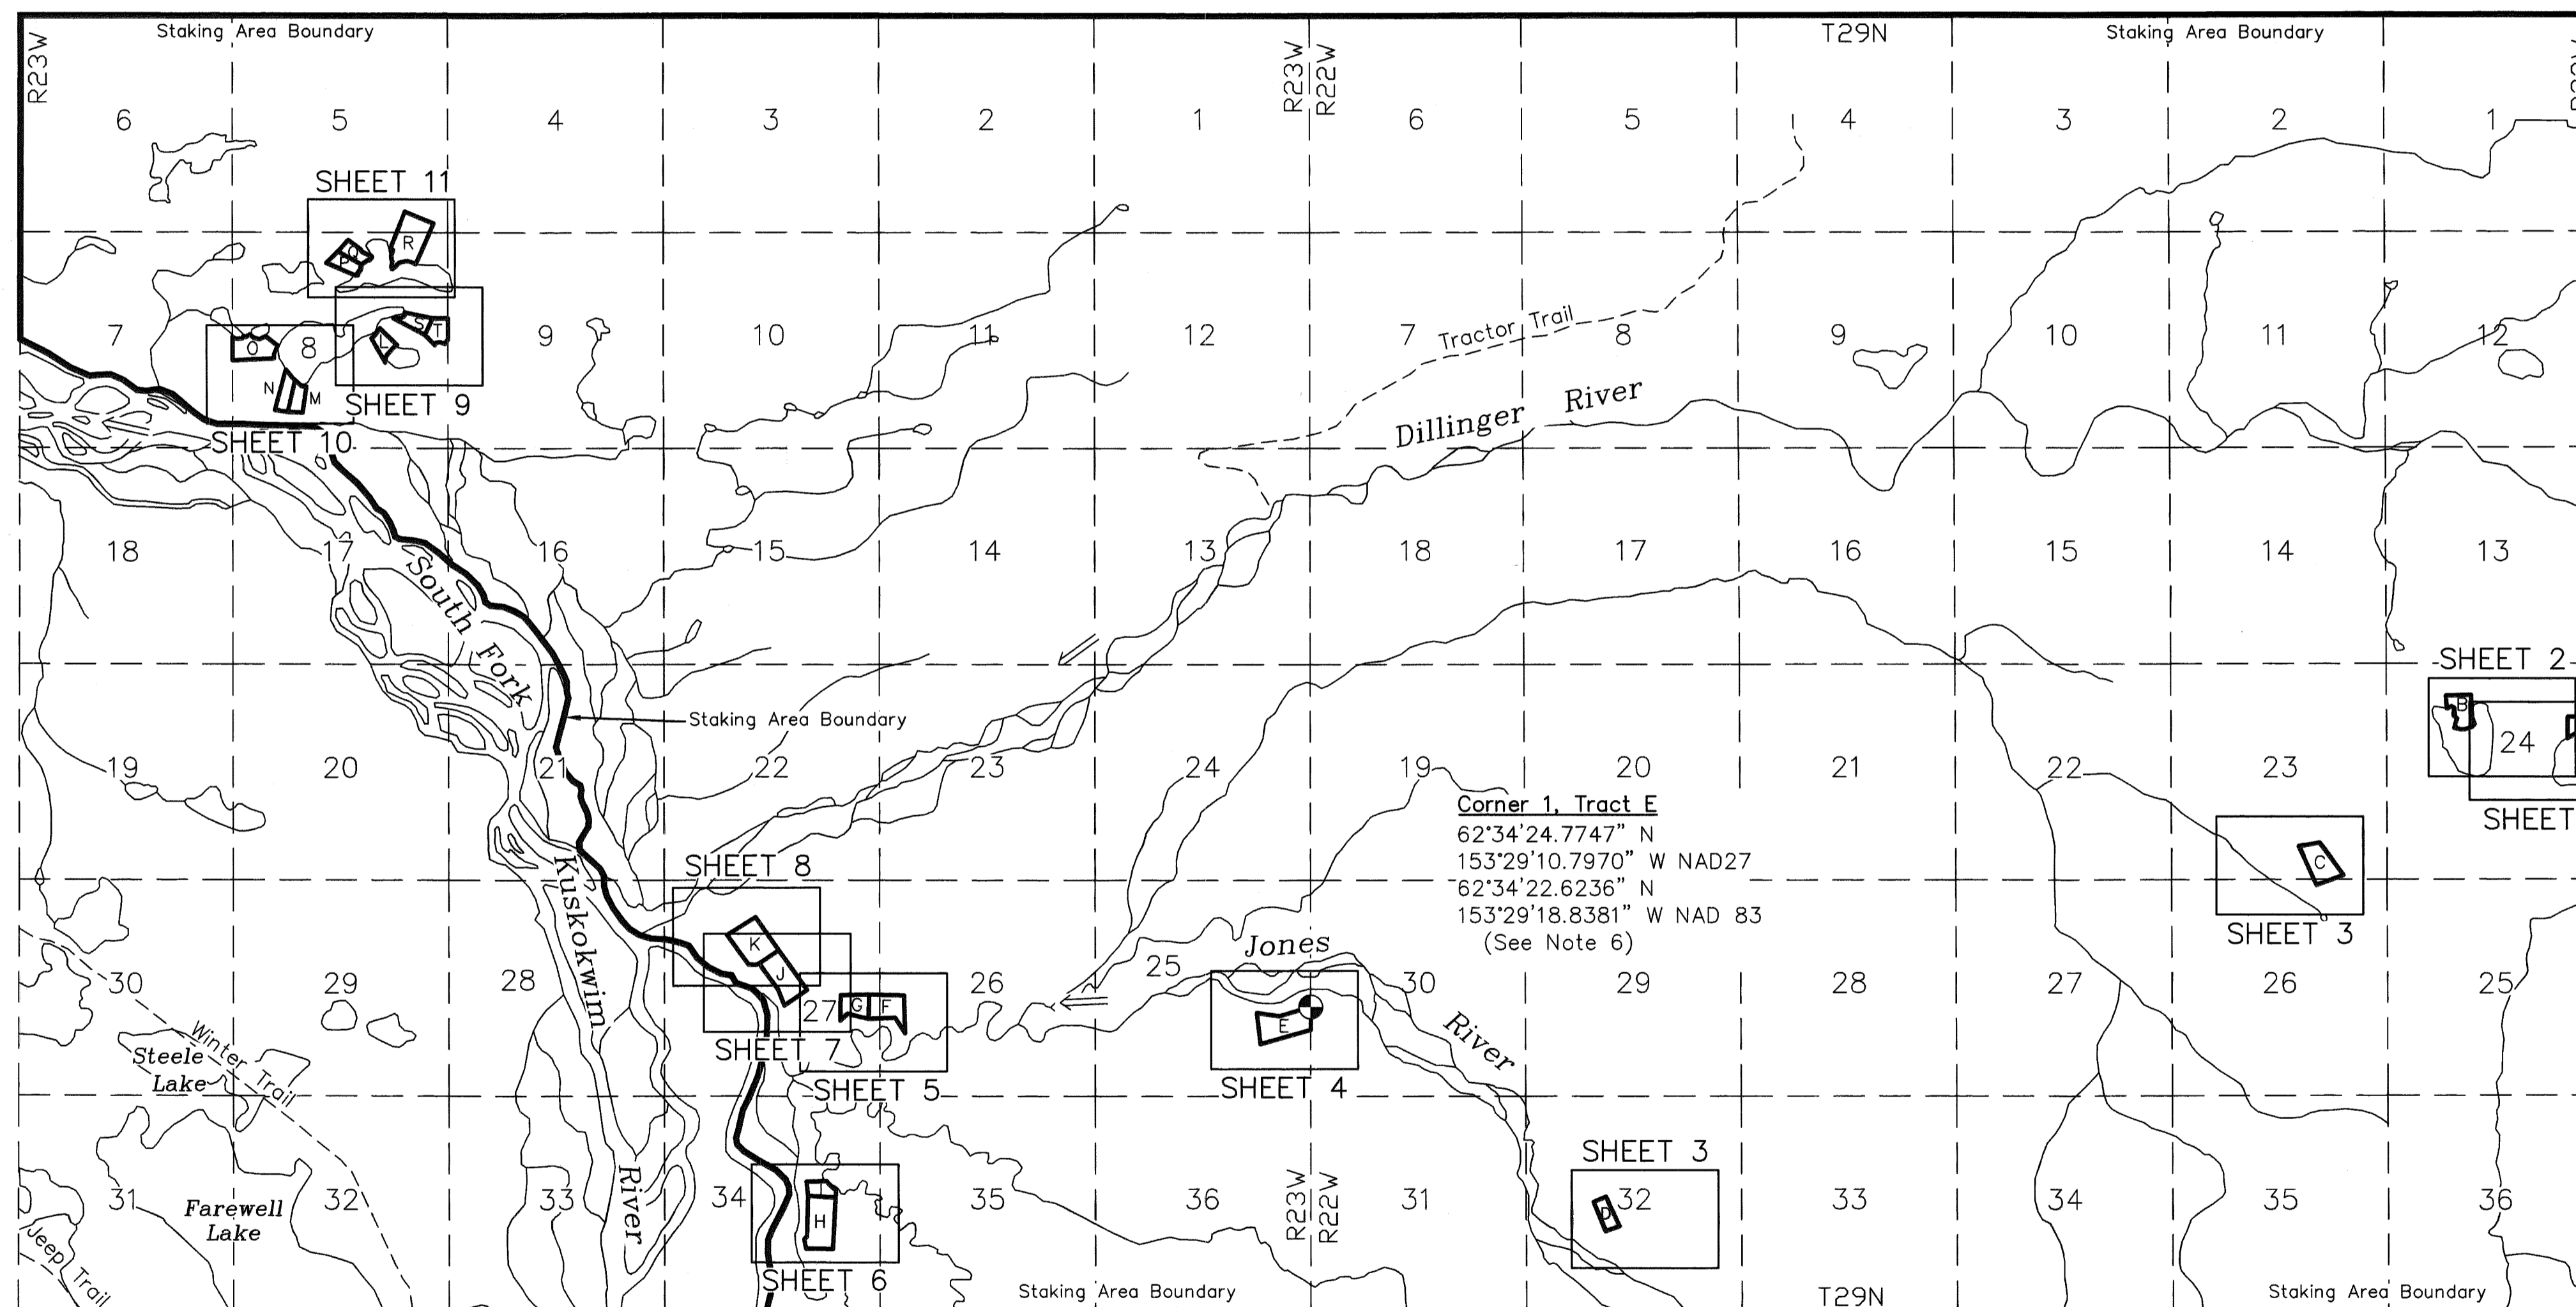

- This survey was accomplished in accordance with AS 38.05.600, GSC 739 and RRCS SI 2007-7.
- All bearings shown, unless noted, are true bearings as oriented to the Basis of Bearing and distances shown are reduced to horizontal field distances.
- The accuracy of this survey is greater than 1:5000.
- All parcels of land owned by the State of Alaska, located within 50.00 feet of, or bisected by a surveyed or protracted section line, are subject to a 50 foot (50) easement, on each side of the section line, which is reserved to the State of Alaska for public highways under AS 19.10.010.
- The existing lessees' claim corners were recovered and used to control the location of tract boundaries.
- BASIS OF BEARING:** The basis of bearing for this plat was determined by high precision GPS survey, using Topcon/Javad Legacy and Odyssey receivers, differentially corrected and processed using Topcon Tools Vers. 6.04 software. A local grid was established oriented to true geodetic north at Lat:62°34'24.7747", Long:153°29'10.7970"; NAD 27 (Lat:62°34'22.6236", Long:153°29'18.8381"; NAD 83) (Corner 1, Tract E, ASLS 2007-7)
- COORDINATES:** The coordinates used were constrained to the National Spatial Reference System (NSRS) using CORS Stations KEN5, TLKA, and TSEA, extended to the corner locations by static survey methods, and converted to NAD 27 using the CORPSCON utility.
- The natural meanders of the line of ordinary high water (OHW) form the true bounds of Tracts A, B, H, I, L, M, N, O, P, Q, R, S, and T. The approximate line of OHW, as shown, is for area computation only, with the true corners being on the extension of the sidelines and their intersection with the natural meanders.
- There is a 100 foot building setback from the ordinary high water line of all water bodies
- Ties shown between tracts and Corner 1, Tract E are mean true bearings (NAD83) with horizontal field distances.

CERTIFICATE OF OWNERSHIP AND DEDICATION
I, the undersigned, hereby certify that I am the Director, Division of Mining, Land, and Water, and that the State of Alaska is the owner of ASLS 2007-7 as shown hereon. I hereby approve this survey and plat for the State of Alaska, and dedicate for public or private use as noted, all easements, public utility areas, and rights-of-way as shown and described hereon.

Dated Jan 29, 2010, 2010.

Cerald Jennings
for Director, Division of Mining, Land and Water

NOTARY'S ACKNOWLEDGEMENT
Subscribed and sworn to before me this 29th day of JANUARY, 2010.

For: *Ronda Wilson*
Notary Public for Alaska
My Commission Expires with office

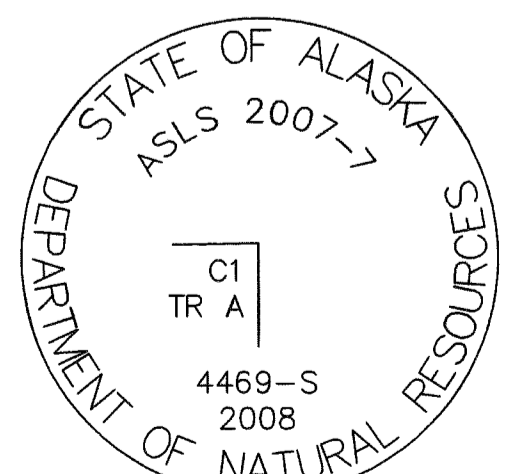

PLAT APPROVAL CERTIFICATE
This plat is approved by the Commissioner of the Department of Natural Resources, or the Commissioner's designee, in accordance with AS 40.15.

Cerald Jennings Jan 29, 2010
for Commissioner Date

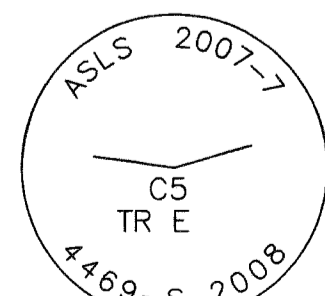

By approval of this plat, the Commissioner of the Department of Natural Resources hereby accepts for public use and public purposes the real property dedicated to the public hereon, including easements, rights-of-way, alleys and roadways. The acceptance of such dedicated areas for public use and public purposes does not obligate the department, any governing body, or the public to construct, operate, maintain or manage improvements.

TYPICAL PRIMARY MONUMENT SET THIS SURVEY

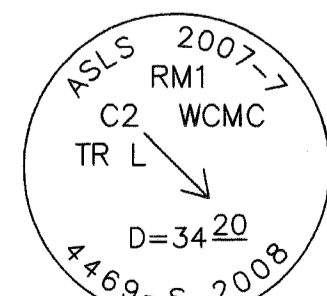

3-1/4" aluminum cap on 2" I.D. x 30" aluminum pipe, 0.3' above ground.

TYPICAL SECONDARY MONUMENT SET THIS SURVEY

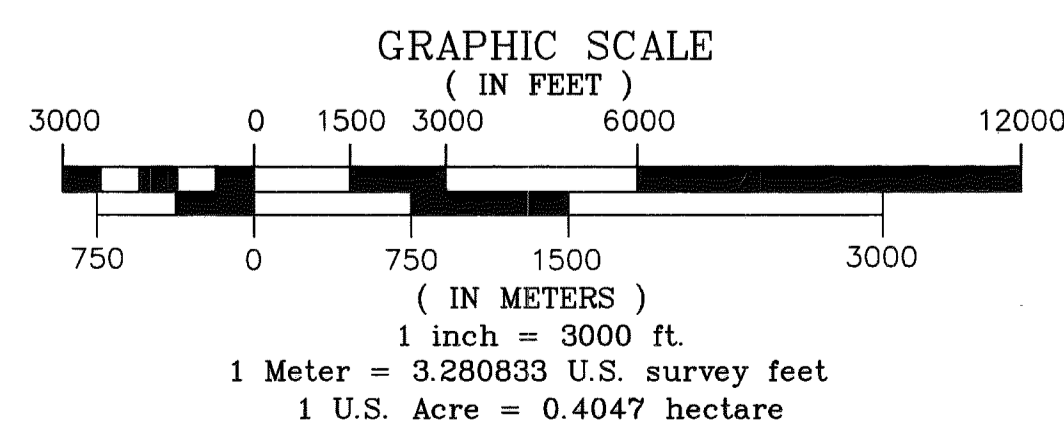

2" aluminum cap on 5/8" x 36" rebar, 0.4' above ground.

TYPICAL REFERENCE MONUMENT SET THIS SURVEY

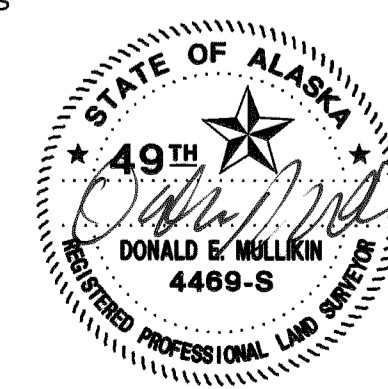

2" aluminum cap on 5/8" x 36" rebar, 0.4' above ground.

SURVEYOR'S CERTIFICATE

I certify that I am properly registered and licensed to practice land surveying in the State of Alaska, that this plat represents a survey made by me or under my direct supervision, that the monuments shown hereon exist as described, and that all dimensions and other details are correct.
