

NORTH FORK BIG RIVER REMOTE RECREATIONAL CABIN SITES

INDEX SHEET

- NOTES:**
- This survey was accomplished in accordance with AS 38.05.600, GSC 780 and RRCS SI 2011-16.
 - All bearings shown are true bearings as oriented to the Basis of Bearing and distances shown are reduced to horizontal field distances.
 - The accuracy of this survey is greater than 1:5000.
 - All parcels of land owned by the State of Alaska, located within 50.00 feet of, or bisected by a surveyed or protracted section line, are subject to a 50 foot (50') easement, on each side of the section line, which is reserved to the State of Alaska for public highways under AS 19.10.010.
 - The existing lessees' claim corners were recovered and used to control the location of tract boundaries.
 - BASIS OF BEARING:** The basis of bearing for this plat is the record bearing of N. 51°38'23" E between Corner 1 and Corner 4 of ASLS 89-141 as shown on the plat recorded as Plat 91-6, Kuskokwim Recording District.
 - COORDINATES:** The coordinates used were based on the record NAD 27 coordinate shown for Corner 1 ASLS 89-141 on Plat 91-6, Kuskokwim Recording District. This coordinate was converted to NAD 83 using the NGS CORPSCON utility and extended to the other Tracts by static survey methods.
 - The natural meanders of the line of ordinary high water (OHW) form the true bounds of Tracts A, B, and E. The approximate line of OHW, as shown, is for area computation only, with the true corners being on the extension of the sidelines and their intersection with the natural meanders.
 - There is a 100 foot building setback from the ordinary high water line of all water bodies determined to be Public or Navigable.
 - Ties shown between tracts are local plat bearings related to the basis of bearing and the distances are horizontal ground distances.

SURVEYOR'S CERTIFICATE
I hereby certify that I am properly registered and licensed to practice land surveying in the State of Alaska, that this plat represents a survey made by me or under my direct supervision, that the monuments shown hereon actually exist as described, and that all dimensions and other details are correct.
