**DRAFT ADMINISTRATIVE FINDING  
MINERAL ORDER NO. 1239  
Closing Lands to Mineral Entry**

**Hollie's Acres House**

Pursuant to AS 38.05.035, the State of Alaska, Department of Natural Resources, Division of Mining, Land, and Water proposes to issue a Final Finding and Decision to convey State-owned land into private ownership within the Hollie's Acres House project area (ADL 421207). As noted in the Preliminary Decision – Proposed Land Offering for Hollie's Acres House – ADL 421207, issued March 6, 2020, the project area is within the *Eastern Tanana Area Plan*. The attached mineral order includes the legal description of area to be closed to mineral entry.

The Division of Mining, Land, and Water requests the mineral estate of approximately 4.774 acres, identified in the attached mineral order, be closed to mineral entry and location, in accordance with AS 38.05.300 for a land disposal. Mining activity on the project area would be incompatible with the current and proposed land estate uses. The land does not contain any known mineral deposits and was not selected for mineral values. There are no mining claims on the land.

Public notice of the comment period for the proposed mineral order was conducted in accordance with AS 38.05.945. (Review of comments will be addressed in the final document.)

In accordance with AS 38.05.185 (a) and AS 38.05.300, I find that the best interests of the State of Alaska and its residents are served by closure of the land to entry under the mineral location and mining laws of the State of Alaska as described by Mineral Order (Closing) No. 1239.
