**ADMINISTRATIVE FINDING
MINERAL ORDER NO. 1269
Closing Lands to Mineral Entry**

**Conveyance of Telephone Hill Parcel to City and Borough of Juneau
ADL 109129**

Pursuant to *AS 38.05.035 Powers and Duties of the Director*, the State of Alaska, Department of Natural Resources, Division of Mining, Land, and Water (DMLW) issued a Commissioner's Decision for a land conveyance to the City and Borough of Juneau (CBJ) that was directed by the 32nd Alaska State Legislature pursuant to SLA 2022, Ch. 13, § 4 of House Bill 349. DMLW proposes to close the parcel to mineral entry as described below. The attached mineral order includes the legal description of the area to be closed to mineral entry.

DMLW requests that the mineral estate of approximately 3.55 acres, identified in the attached mineral order, be closed to mineral entry and location in accordance with *AS 38.05.300 Classification of Land* for a land disposal. Mining activity on the parcel would be incompatible with the current and proposed land estate use. The land does not contain any known mineral deposits and was not selected for mineral values. There are no mining claims on the land.

Public notice of the comment period for the proposed mineral order was conducted in accordance with *AS 38.05.945 Public Notice*. One comment in support of the action was received during the comment period. The Department did not receive objections regarding the proposed mineral order from the public or agencies. In accordance with *AS 38.05.185(a) Mining and AS 38.05.300*, I find that the best interests of the State of Alaska and its residents are served by closure of the land to entry under the mineral location and mining laws of the State of Alaska as described by Mineral Order (Closing) No. 1269.
