

STATE OF ALASKA  
DEPARTMENT OF NATURAL RESOURCES  
DIVISION OF MINING, LAND AND WATER

**FINAL FINDING AND DECISION**

of a  
Reconveyance of Alaska Native Allotment Case File  
**ADL 413962**  
**BLM FF015051**

This Final Finding and Decision (FFD) complements and updates the Preliminary Decision (PD) for ADL 413962, issued on September 12, 2024. This decision supersedes any prior decisions.

**I. Recommended Action**

On September 12, 2024, the State of Alaska (State), Department of Natural Resources (DNR), Division of Mining, Land and Water (DMLW), Land Conveyance Section (LCS) proposed to voluntarily reconvey to the United States of America a parcel of wrongfully conveyed state land located within Section 25, Township 8 South, Range 9 East, Fairbanks Meridian. The parcel is described as Lots 1 and 2, U.S. Survey No. 14507, Alaska, according to the plat accepted by the United States Department of the Interior, Bureau of Land Management, Anchorage, Alaska, on January 13, 2021, and officially filed on October 15, 2021, aggregating 99.93 acres, more or less, in the Fairbanks Recording District. The parcel is claimed by Maria Ackerman Miller (deceased) as her Native Allotment. There are no changes to the stipulations outlined in the attached PD.

**II. Authority**

This reconveyance is being adjudicated pursuant to Alaska Statute (AS) 38.05.020 Authority and Duties of the Commissioner, AS 38.05.035 Power and Duties of the Director, AS 38.05.830 Land Disposal in the Unorganized Borough, 11 Alaska Administrative Code (AAC) 67.930 Purpose and Procedure, and the settlement authority of the Attorney General in accordance with the Stipulated Procedures for Implementation of Order, *Ethel Aguilar v. United States of America*, 474 F. Supp. 840 (D. Alaska 1979) (herein cited as *Aguilar*). The authority to execute this Final Finding and Decision has been delegated to the Section Chief, LCS, DMLW, DNR, pursuant to AS 38.05.035(b)(1) Power and Duties of the Director.

**III. Public Notice**

Pursuant to AS 38.05.945 Notice, a public notice announcing the PD for the proposed Native allotment reconveyance along with the solicitation for public comment was published and distributed in compliance with the above statute in the following manner:

- Posted on the State of Alaska Online Public Notice and the LCS website from September 12, 2024, to October 15, 2024;
- Mailed, with a request to post for 30 days, to the postmaster in Delta Junction per AS 38.05.945(c)(4) Notice;
- Mailed to the regional and village corporations per AS 38.05.945(c)(2)-(3) Notice (Doyon Limited); and
- Mailed to the heirs of Maria Ackerman Miller (allottee), Tanana Chiefs Conference, Alaska Legal Services Corporation, Bureau of Land Management, and Bureau of Indian Affairs.

## **Final Finding and Decision**

ADL 413962

Page 2 of 4

The public notice stated that written comments must be received by 3:00 p.m. Tuesday, October 15, 2024, in order to ensure consideration and eligibility to appeal. For more information, refer to the attached PD.

### **IV. Comments Received**

No written comments were received during the public comment period.

### **V. Traditional Use Finding**

This parcel is in the Unorganized Borough and a traditional use finding is required. No information was received concerning traditional use outside of the use by the Native allottee.

### **VI. Modifications to Decision and Stipulations**

The recommended action has not been modified from the original proposed action described in the PD of September 12, 2024. An updated title report, Title Report No. 23618 was received on October 9, 2024. No new information was discovered. This parcel is described as:

Lots 1 and 2, U.S. Survey No. 14507, Alaska, according to the plat accepted by the United States Department of the Interior, Bureau of Land Management, Anchorage, Alaska, on January 13, 2021, and officially filed on October 15, 2021, aggregating 99.93 acres, more or less.

Situated in the Fairbanks Recording District.

It is in the best interest of the State to reconvey the land to the United States subject to the reservations, exceptions, and restrictions, as stated below. This will allow the heirs to the Native allottee to obtain title to the land while the State will retain public access on the property as prescribed by statute and thus avoid title recovery litigation by the federal government. The State may proceed with the reconveyance of these parcels to the United States of America subject to the following easements, reservations, exceptions, and restrictive covenants:

Subject to:

- a) All other valid existing rights, including reservations, and exceptions in the U.S. Patent, or other state or federal conveyance, and in acts authorizing the issue thereof; easements, rights-of-way, covenants, conditions reservations, notes of the plat, and restrictions of record, if any.

The Division of Oil and Gas and DMLW have determined that it is not in the State's best interest to retain the mineral estate. The mineral estate will not be retained pursuant to AS 38.05.035(e) Powers and Duties of the Director. The State will receive an acreage credit for the lands.

Any reservations in the patent the State received from BLM will merge with the title once the land is conveyed back to the United States.

Recommendation and approval of the Final Finding and Decision follow.

**VII. Final Finding and Decision**

LCS recommends proceeding with the proposed action as described in the Preliminary Decision. This action is undertaken pursuant to relevant authorities. Public notice has been accomplished in accordance with AS 38.05.945 Notice, and comments received were considered. The case file has been found to be complete and the requirements of all applicable statutes, regulations, and court orders have been satisfied.

### **Appeal Provision**

An eligible person affected by this decision, and who provided timely written comment or public hearing testimony to the department, may appeal the decision to the DNR Commissioner per AS 44.37.011 and 11 AAC 02. Any appeal must be received within twenty (20) calendar days after issuance of this decision under 11 AAC 02.040. An eligible person must first appeal a decision to the Commissioner before seeking relief in superior court. The Alaska Court System establishes its own rules for timely appealing final administrative orders and decisions of the department.

Appeals may be mailed or hand-delivered to the DNR Commissioner's Office, 550 W. 7th Avenue, Suite 1400, Anchorage, Alaska, 99501; or faxed to (907)-269-8918; or sent by electronic mail to [dnr.appeals@alaska.gov](mailto:dnr.appeals@alaska.gov). Appeals must be accompanied by the fee established in 11 AAC 05.160(d)(1)(F), which has been set at \$200 under the provisions of 11 AAC 05.160 (a)-(b). A copy of 11 AAC 02 is available on the department's website at <https://dnr.alaska.gov/mlw/pdf/DNR-11-AAC-02.pdf>.

**PUBLIC COMMENT PERIOD ENDS 3:00 P.M., TUESDAY, OCTOBER 15, 2024**

**I. Proposed Action**

*Preliminary Decision:* Maria Ackerman Miller Native Allotment – ADL 413962

*Attachment A:* Vicinity Map

*Attachment B:* Public Notice

*Attachment C:* U.S. Survey 14507

Proposed Action: The primary proposed action of this Preliminary Decision (PD) of the State of Alaska (State), Department of Natural Resources (DNR), Division of Mining, Land and Water (DMLW), Land Conveyance Section (LCS) is to voluntarily reconvey to the United States of America, Lots 1 and 2, U.S. Survey No. 14507, aggregates 99.93 acres, more or less, of wrongfully conveyed state land. See *Attachment A: Vicinity Map* for a depiction of the project area.

This decision supersedes any prior decisions.

The subject parcel is an Alaska Native allotment, Bureau of Land Management (BLM) Serial No. FF015051 claimed by Maria Ackerman Miller (deceased). The claim is being settled in accordance with the Stipulated Procedures for Implementation of Order approved by the Court to implement the decision in *Ethel Aguilar v. United States of America*, 474 F. Supp. 840 (D. Alaska 1979) (herein cited as *Aguilar*) and Alaska Statute (AS) 38.05.035(b)(9) Powers and Duties of the Director.

Public Notice of Proposal: In accordance with AS 38.05.945 Notice, during a period of at least 30 consecutive days, the public will have the opportunity to submit written comment on this proposal.

See **Section XVI. Submittal of Public Comments** at the end of this document and *Attachment B: Public Notice* for details on how to submit a comment for consideration. If, after consideration of timely, written comments, DNR DMLW LCS moves forward with the proposal, a Final Finding and Decision (FFD) will be issued.

**II. Authority**

This reconveyance is being adjudicated pursuant to AS 38.05.035(b)(9) Power and Duties of the Director, AS 38.05.830 Land Disposal in the Unorganized Borough, and the settlement authority of the Attorney General in accordance with *Aguilar*.

### **III. Administrative Record**

The DNR case file ADL 413962 and BLM case file FF015051, constitutes the administrative record for this proposed action. Also incorporated by reference are:

- Eastern Tanana Area Plan for State Lands (ETAP, adopted August 2015) and associated land classification files; and
- DNR case file GS 554.

### **IV. Scope of the Proposal**

The scope of this proposal, under the statutes described in the preceding **Section II. Authority**, is limited and specific to DNR DMLW's proposal to voluntarily reconvey this land to the United States of America in accordance with the Stipulated Procedures for Implementation of Order approved by the Court to implement the decision in *Aguilar* and AS 38.05.035(b)(9) Powers and Duties of the Director, and whether the reconveyance should be made subject to any stipulations to best serve the interests of the public and the State.

### **V. Location**

Located in DNR's Northern Region and the Unorganized Borough, the subject parcel is approximately 11 miles northwest of Delta Junction near MP 278, Richardson Highway, off Quartz Lake Road and within Section 25, Township 8 South, Range 9 East, Fairbanks Meridian. The subject parcel aggregates 99.93 acres, more or less, identified for reconveyance by this proposed action. See *Attachment A: Vicinity Map* for a depiction of the subject parcel.

*USGS Map Coverage:* Big Delta A-4

*Borough/Municipality:* Unorganized Borough

*Native Councils and Corporations:* The subject parcel is within the boundaries of Doyon, Limited Regional Corporation. There are no villages or tribes within 25 miles of this proposed action. Notice will also be sent to the Tanana Chiefs Conference.

### **VI. Legal Description**

Lots 1 and 2, U.S. Survey No. 14507, Alaska, according to the plat accepted by the United States Department of the Interior, Bureau of Land Management, Anchorage, Alaska, on January 13, 2021, and officially filed on October 15, 2021, aggregating 99.93 acres, more or less.

Situated in the Fairbanks Recording District.

### **VII. Title**

The State received title to the land on August 21, 1964, under Patent 50-65-0131. The State file is GS 554 (BLM F 027659). Title Report No. 21558 was issued on February 11, 2021. No third-party interests were identified. The parcel is subject to the reservations, easements, and exceptions contained in Patent 50-65-0131 dated August 21, 1964. An updated title report has been requested; if any concerns are discovered, they will be addressed in the FFD.

*Acquisition:* The State filed selection application GS 554 (BLM F 027659) for Township 8 South, Range 9 East, Fairbanks Meridian on May 2, 1961.

## Preliminary Decision

ADL 413962

Page 3 of 7

*Restrictions:* Any reservations in the Patent the State received from BLM will merge with the title once the land is conveyed back to the United States.

### VIII. Background

The following events for this case are:

- Maria Ackerman Miller began her use and occupancy of the subject lands in 1953 according to documentation in DNR case file ADL 413962.
- The Native allotment application was signed on April 5, 1971, and filed on January 21, 1972.
- The State filed selection application GS 554 for Township 8 South, Range 9 East, Fairbanks Meridian on May 2, 1961, and received title by Patent on August 21, 1964.
- BLM determined Native allotment application FF013040, valid on July 24, 2006.
- BLM surveyed the 99.93-acre parcel and issued U.S. Survey No. 14507 in 2021.
- The State received a request for reconveyance on March 16, 2022.

### IX. Planning, Classification, and Mineral Orders

1. *Planning:* The subject parcel is located within the Delta Region of the Eastern Tanana Area Plan adopted in August 2015. The plan lists the parcel as private land and therefore does not have a designation. As there is no designation, there is no classification.
2. *Land Use Classification:* The State did not classify the subject parcel. As this reconveyance falls under AS 38.05.035(b)(9) Powers and Duties of the Director, and pursuant to AS 38.05.035(c) Powers and Duties of the Director, this parcel of land may be reconveyed without classification or reclassification under AS 38.05.300 Classification of Land.
3. *Mineral Order:* The parcel is not subject to a mineral order.
4. *Local Planning:* This parcel does not exist within any local planning unit.

### X. Traditional Use Finding

In accordance with AS 38.05.830 Land disposal in the Unorganized Borough, a traditional use finding is required if the subject parcel is within the Unorganized Borough. This parcel is within the Unorganized Borough, and a traditional use finding is required. Information on traditional use is welcome during the public comment period and if this proposal is approved, LCS will address the information received in a subsequent FFD. See the **Section XVI. Submittal of Public Comments** at the end of this document and *Attachment B: Public Notice* for details on how to submit comment.

### XI. Access, including Access To and Along Public or Navigable Water

*Public Access:* Public access is via Quartz Lake Road for both lots.

*Access To and Along Public or Navigable Waters:* In accordance with AS 38.05.127 Access To Navigable or Public Water, DNR will determine if a water body is navigable or public and establish easements or rights-of-way as necessary to ensure unobstructed access to and along the body of water. Regulations dictating the creation of easements or rights-of-way under this statute include 11 AAC 51.035 Determination of Navigable and Public Water, 11 AAC 51.045 Easements To and Along Navigable and Public Water, and 11 AAC 53.450 Buffer Strips, Reserved Areas, and Public Easements.

## **Preliminary Decision**

ADL 413962

Page 4 of 7

The subject parcel is unaffected by AS 38.05.127 Access To Navigable or Public Water easements.

*Easements and Setbacks:* Under AS 19.10.010 Dedication of Land for Public Highways, the application of a 50-foot section line easement is required on all protracted or surveyed section or township lines on State land. There are no provisions under the law to exclude this 50-foot section line easement dedication at conveyance or reconveyance back to the federal government. However, an affected landowner may, under 11 AAC 51.065 Vacation of Easements, file a request with DNR to vacate, modify, or relocate a section line easement.

The subject parcel is unaffected by any section lines and the accompanying easements.

The reconveyance will except, reserve, or be subject to the reservations brought forth by the public notice, if any, and the following:

Subject to:

- (a) All other valid existing rights, including reservations, and exceptions in the U.S. Patent, or other state or federal conveyance, and in acts authorizing the issue thereof; easements, rights-of-way, covenants, conditions reservations, notes of the plat, and restrictions of record, if any.

### **XII. Reservation of the Mineral Estate**

The Division of Oil and Gas (DOG) and DMLW have determined that it is not in the State's best interest to retain the mineral estate. The mineral estate will not be retained pursuant to AS 38.05.035(e) Powers and Duties of the Director. The State will receive an acreage credit for the lands.

### **XIII. Hazardous Materials and Potential Contaminants**

The Department of the Interior, BLM, is expected to inspect the parcel and familiarize itself with the condition and quality of the land. The State makes no representations and no warranties, express or implied, concerning the existence or absence of any hazardous substances, hazardous wastes, contaminants, or pollutants on the land here proposed for reconveyance. The State does not assume any liability for the removal of hazardous substances, hazardous wastes, contaminants, or pollutants, nor for the remediation of the site should such substances ever be identified.

### **XIV. Survey**

The parcel is adequately surveyed for reconveyance to the United States of America. See *Attachment C: U.S. Survey 14507*. This survey excludes Quartz Lake Road, retaining it for public access to Quartz Lake. The road width through USS 14507 is 100 feet.

### **XV. DMLW and Agency Review**

Information and comments received from multiple sections within DMLW prior to and during agency review have been considered and included in the preparation of this preliminary decision. Agency review was conducted from May 21, 2024, to June 20, 2024. Comments pertinent to this proposed action received during agency review have been considered and addressed below. Additional timely comments received during the Public Notice period will be considered and addressed in a subsequent FFD.

## Preliminary Decision

ADL 413962

Page 5 of 7

DNR DMLW LCS received brief comments of non-objection from the following agencies: DNR Division of Parks and Outdoor Recreation, Alaska Department of Fish and Game, and Alaska Department of Environmental Conservation.

*DNR DMLW LCS response:* Thank you for your review of this reconveyance.

Comments from DNR Division of Oil and Gas: DOG has no objection. There are no third-party interests. DOG does not request reservation of the mineral estate as the energy potential around the parcel is none for geothermal, oil and gas.

*DNR DMLW LCS response:* Thank you for the information. The mineral estate will not be reserved.

The following agencies or groups were included in the agency review, but no comment was received:

- DNR Division of Agriculture
- DNR Division of Forestry and Fire Protection
- DNR Division of Geological and Geophysical Surveys
- DNR State Historical Preservation Office
- Alaska Department of Transportation and Public Facilities
- US Fish and Wildlife Service

## **XVI. Submittal of Public Comments**

### **See *Attachment B: Public Notice for specific dates and conditions.***

Pursuant to AS 38.05.945 Notice, LCS is issuing public notice inviting comment on this Preliminary Decision.

In accordance with AS 38.05.946(a) Hearings, a municipality or corporation entitled to receive notice under AS 38.05.945(c) Hearings may hold a hearing within 30 days after receipt of the notice. If a hearing is held, the Commissioner (or representative) shall attend the hearing. The Commissioner has discretion whether or not to hold a public hearing.

LCS will consider all timely, written comments received. If analysis of such comments indicates the need for significant changes to the Preliminary Decision, additional public notice for the affected lands will be given. Reducing the amount of land offered and making minor changes to any of the proposals will not be considered significant changes requiring additional public notice.

If the proposal is approved and no significant change is required, the Preliminary Decision, including any deletions, minor changes, and summary of comments and LCS responses will be issued as a subsequent Final Finding and Decision, without further notice.

Only persons from whom DNR DMLW LCS receives timely, written comment during the identified comment period will be eligible to file an appeal of the FFD. Upon approval and issuance of a FFD, a copy of the decision will be made available online at <http://landsales.alaska.gov/> or <https://aws.state.ak.us/OnlinePublicNotices/> and sent with an explanation of the appeal process to any party who provides timely written comment.

**DEADLINE TO SUBMIT WRITTEN COMMENT IS  
3:00 P.M., TUESDAY, OCTOBER 15, 2024**

### **XVII. Alternatives**

The following alternatives were considered:

#### Alternative 1: Reconvey

Reconvey the land to the United States subject to the reservations, exceptions, and restrictions as stipulated in **Section XI. Access, Including Access To and Along Public or Navigable Water**. This will allow the Native allottee to obtain title to the land while the State will retain public access on the property as prescribed by statute and thus avoid title recovery litigation by the federal government. Therefore, it is in the best interest of the State to reconvey the parcel as proposed in this decision, and this is the preferred alternative.

#### Alternative 2: Retain

Retain ownership and withhold reconveyance. DNR currently does not have a persuasive reason to pursue this option. This alternative may lead to title recovery litigation brought by the United States on behalf of the Native allottee, thus subjecting the State to an uncertain expenditure of resources and an uncertain result of litigation. This alternative is not preferred.

In accordance with the Stipulated Procedures for Implementation of Order in *Aguilar*, BLM reviewed and determined Ms. Miller's Native allotment application to be valid on July 24, 2006. Based on documentation within BLM's case file and subsequent comments received from agency review, LCS has found no legal reason for denying this reconveyance subject to public notice and a final decision.

For the reasons outlined above, Alternative 1 is the preferred alternative.

*Recommendation follows.*

**Preliminary Decision**

ADL 413962

Page 7 of 7

**XVIII. Recommendation**

This Preliminary Decision for the proposed reconveyance of state lands described throughout this document and its attachments may be within the State's best interest. Reconveyance under the conditions in Alternative 1 is preferable to title recovery litigation. The State's reconveyance will allow the BLM to transfer title of the land to the Native allottee and will eliminate any further title recovery action. As represented by the preferred alternative, the PD described above has been reviewed and considered. I find that the recommended action is in the best interest of the State and that it is hereby approved to proceed to public notice.

This is a Preliminary Decision, and analysis of subsequent public review may result in changes to the preferred alternative of the proposed reconveyance of state lands. If the decision is approved, a Final Finding and Decision may be issued.

This survey was conducted under The Stipulated Procedures for Implementation of Order, Ethel Aquilar, et al v. United States of America, 474 F. Supp. 840(D. Alaska 1979) and by authority of the Memorandum of Understanding between the United States Department of the Interior, Bureau of Land Management, and the State of Alaska, Department of Natural Resources dated September 5, 2000.

I, Kevin A. Murphy, Cadastral Surveyor, HEREBY CERTIFY upon honor that in pursuance of Special Instructions dated May 11, 2020, I have executed the survey depicted on this plat in strict conformity with said Special Instructions, the Manual of Survey Instructions 2009, and in the specific manner described on this plat.

## U.S. SURVEY No. 14507, ALASKA

COMPRISING 2 LOTS

This plat, in three sheets, contains the entire survey record. A history of surveys is located on sheet 2 of 3 sheets. This survey was accomplished using Global Navigation Satellite Systems (GNSS), and no lines were brushed or marked between corners.

This survey was executed by Kevin A. Murphy, Cadastral Surveyor, September 12 through September 20, 2020, in accordance with the specifications set forth in the Manual of Surveying Instructions (2009), Special Instructions dated May 11, 2020, approved August 21, 2020.

Field assistants were:

Kurt D. Huhta, Supervisory Cadastral Surveyor  
Jaime NMI Fierro Jr., Cadastral Surveyor  
Nolan D. Nofah, Survey Technician  
Daniel R. Taylor, Survey Technician

Area Surveyed: 99.93 Acres

The direction and length of lines were determined by GNSS, Real-Time Kinematic (RTK) observations. The direction of each line is with reference to the true meridian. All bearings are mean bearings. All distances are horizontal distances reduced to their sea level equivalent.

The geographic position of corner No. 1, Lot 1, in NAD83 (2011), epoch 2010.00, determined by GNSS observations, utilizing the National Geodetic Survey Online Positioning User Service (OPUS), to a Network Accuracy, with a maximum peak-to-peak separation for each component of the computed position, of less than or equal to 0.05 meter, semi-major axis 95% error ellipse, as defined in the Bureau of Land Management's Standards for the Positional Accuracy of Cadastral Surveys When Using Global Navigational Satellite Systems (GNSS), dated February 23, 2009, is:

Latitude: 64° 11' 15.010" North NAD 83  
Longitude: 145° 52' 32.168" West

The mean magnetic declination was derived from the International Geomagnetic Reference Field Model (IGRF-I2).

This survey is situated approximately 11 miles northwesterly of Delta Junction, Alaska, within Township 8 South, Range 9 East, of the Fairbanks Meridian, Alaska.

The land is on varying terrain with spruce, aspen, alder, willow, low brush, berry brush, and moss.

The soil consists of silt, clay, and rock, underlain by permafrost.

Access to the survey was by truck.
