NOTES

- This survey was performed in accordance with G.S.C.-162.
- All lots with bodies of water included are subject to a 50 foot access easement along the line of ordinary high water of water bodies of any sort.
- All bearings are true bearings and distances are true distances.
- Coordinates shown are based on the Alaska State Plane Coordinate System, Zone 3.
- The U.T.M. and metric data is being shown hereon for information purposes only.
- Natural features were located by aerial photography dated September 26, 1978.
- All dimensions shown on the plat are U.S. survey feet.
- Abbreviations ADL (Alaska Division of Lands) and DTS (Division of Technical Services) are synonymous with each other.
- Primary monuments set at right-of-way curve PCs and PTs, road right-of-way intersections, and on tangent length are generally no more than 1320 feet apart.
- Secondary monuments are set at all corners not marked by a primary monument and at road right-of-way centerlines at PCs and PTs.
- Tracts bounded by State land are subject to 50 foot easements on each side of section lines, which are reserved to the State of Alaska for public highways under AS 19.10.010.
- Application for vacation of section line easements on that portion of section line dividing Sections 34 and 35 which traverses through the subdivision has been requested by the DTS and will appear on a separate plat.
- The outer 20 feet of both sides of the 100 foot roadway right-of-ways is reserved for utilities use.
