Subject: Pogo Mine Plan of Operations Approval Amendment 7 F20189500POOA.07 for Underground Refueling Changes

Dear Mr. McLoughney:

On September 28, 2020, the Division of Mining, Land, and Water, Mining Section (DMLW) received correspondence from Northern Star (Pogo) LLC requesting approval to amend the Pogo Mine Plan of Operations Approval (POOA 20189500). Pogo is requesting to modify the underground refueling method to use satellite fuel stations (SatStat) in place of a mobile fuel truck.

We reviewed the requested amendments and consulted with Alaska Department of Environmental Conservation. No objections to the proposed amendment have been received.

The requested amendment to your Plan of Operations (F20189500), as described and illustrated in your submissions listed above is hereby approved as Pogo Mine Plan of Operations Amendment Approval F20189500POOA.07. Nothing in this decision changes the conditions of the original Plan of Operations Approval dated May 26, 2018. The above listed changes should be accounted for in the next major update to the Plan and the reclamation cost estimate.

If you have any questions regarding this request, please contact Brent Martellaro at 907-451-2788
