RE: Plan of Operations Amendment Request #1 Revision #1; F20219958POOA and F20219958RPA.03

Mr. Groom,

Teck Alaska, Inc. (TAK), Red Dog Operations, is submitting the enclosed revised first (1st) amendment request to the Plan of Operations (F20219958POOA) and the fourth (4th) amendment request to the Reclamation Plan (F20219958RPA.03).

During internal review of the previously submitted amendment documents for the proposed solar farm facility, two typographical errors related to units of measure were identified and have been corrected.

The revisions are summarized below, and updated documents are being resubmitted to ADNR:

- Page 6: The unit “2 MWh” has been corrected to “2 MW.”
- Pages 6 and 7: The Figure 1 description on page 6 has been corrected to “GWh” instead of “MWh,” and the updated figure with additional labeling is included on page 7.

We apologize for any confusion these errors may have caused and appreciate your continued coordination throughout the amendment review process.

Please contact Rebecca Hager at [Rebecca.Hager@teck.com](mailto:Rebecca.Hager@teck.com) or 907-754-5141 if you have any questions or require additional information.

Sincerely,

**Les Yesnik**
