**VII. DISCUSSION AND FINAL FINDING AND DECISION**
Through this Final Finding and Decision, DNR determines that it is in the best interest of the State to convey 11.54 acres of state land with management authority transferred to NSB upon the effective date of this decision. There are no overriding state interests in retaining this selection and the conveyance to NSB is consistent with the requirements for conveyance under AS 29.65, and the management intent requirements of the North Slope Area Plan.

**Lands Approved for Conveyance**
Table 1 below lists those lands approved for conveyance in this decision by location/map name, Meridian (M), Township (T), Range (R), Section and legal description, and approximate acreage. The estimated acreages for conveyance do not account for any exclusions, and exact acreages would be determined by survey, if one is needed. The final acreage amount will be credited towards partial fulfillment of North Slope Borough's municipal land entitlement.

APPROVED for CONVEYANCE: TOTAL APPROXIMATE ACRES 11.54
Final Finding and Decision

The Land Conveyance Section recommends proceeding with the action as described in the Preliminary Decision. This action is undertaken under relevant authorities.

1. That it is appropriate to convert the Ha/OG designation on Tract 13 to Se and therefore change to the conveyable classification of Settlement Land.
2. That it is appropriate to convey approximately 11.54 acres of state-owned land to North Slope Borough. This decision determines that the interest of the State to retain this land does not outweigh the interests of NSB to obtain it.

The findings presented above have been reviewed and considered. The Public Notice has been accomplished in accordance with AS 38.05.945. The case file has been found to be complete and the requirements of all applicable statutes have been satisfied. It has been determined that it is in the best interest of the State to proceed with the conveyances identified in this FFD to the North Slope Borough under the authority of AS 29.65.
