Land use designations only apply to land owned by the State
Department of Natural Resources, as indicated by the
management units on this map. There are some small private
parcels contained within these units but the designation does
not apply to these non-state lands.

The land use designations and the planning units are intended to
be used only as a guide. Areas outside of the planning area
are shaded out. Colonization map designations are based on
the status of the land as of April 2019.
