

On July 2, 2024, the Commissioner of the Department of Natural Resources and the Commissioner of the Department of Fish and Game adopted the Matanuska Valley Moose Range and Jonesville Public Use Area (Moose Range and JPUA) Management Plan in accordance with Alaska Statute 38.04.065. The Public Review Draft of the Moose Range and JPUA as modified by the list of recommended revisions constitutes the final plan signed and adopted by the Commissioners.

In addition to adopting the Moose Range and JPUA Management Plan, the Commissioner of the Department of Natural Resources adopted and issued Land Classification Order No. SC-23-001 (LCO) as authorized by Alaska Statute 38.04.065 and 38.05.300. The Moose Range and JPUA Management Plan and associated LCO affects approximately 104,000 acres of state-owned, state-selected, and top filed lands. The LCO order rescinds and supersedes all existing land classification orders within the plan boundary of the Moose Range and JPUA Management Plan.

The Public Review Draft and the Recommended Revisions constitute the final Matanuska Valley Moose Range and Jonesville Public Use Area Management Plan and are available online at: <https://dnr.alaska.gov/mlw/planning/mgtplans/jonesville-mooserange/>. In addition to the previously mentioned documents, you can view and download the Issue Response Summary from the website. The Issue Response Summary addresses the substantive issues identified in comments received during the Public Review Draft comment period.
