

SECTION II: Property Acquisition(s)

Please complete the following section, if this project includes a request to acquire private property.

RTP funds cannot be used for condemnation of property. In other words, you must have a willing seller. It is required that the property be appraised before initiating negotiations and that the owner, or a designated representative, be given an opportunity to accompany the appraiser during inspection of the property.

Important Notice: Appraisers should be state licensed, and the appraisal should be in accordance with the Uniform Appraisal Standards for Federal Land Acquisitions.

Date of Property Appraisal

Y N

Has an amount been established that is reasonably believed to be just compensation for the real property and will be offered for the property?

It is required that the property owner be provided with a written statement of, and a summary of the basis for, the amount established as just compensation. Has this been done?

Will public access to the property be limited in any way after acquisition?

Describe in detail the request for property acquisition(s).

SECTION III: Easement(s) for Property

Please complete the following section, if this project includes a request to establish an easement on property.

Describe in detail the request to establish property easement(s).

SECTION IV: Required Attachments

SECTION I: Project Information

Vicinity Map of Project Location – Clearly indicating property acquisition(s), or easement(s) location

SECTION II: Property Acquisition(s)

Copy of property appraisal, acquisition cost estimate

SECTION III: Easement(s) for Property

Copy of easement(s) cost estimate

SECTION V: Applicant Certification

I certify to the best of my knowledge and belief that the information provided on this form is true, complete, and accurate.
