NCSHPO - National Conference of State Historic Preservation Offices news

NCSHPO Submits Letter in Response to ACHPs Call for five Program Alternative Comments.

In response to the ACHP’s interest in pursuing five Program Alternative comments, NCSHPO submitted a letter expressing concern with regard to negative impacts surrounding the Section 106 review process. The focus of this effort is based upon two recent policy statements – the [Policy Statement on Housing and Historic Preservation](#) and the [Policy Statement on Climate Change and Historic Preservation](#).

Co-signed by NCSHPO President, Ramona Bartos, and NCSHPO Executive Director, Erik Hein, the letter notes:

“one of the most fundamental components of the Section 106 process, and the aim of the National Historic Preservation Act, is to provide citizen input into federal decision-making. In our view, Program Comments, in particular, run contrary to the spirit of that foundational statute, and have instead relied upon inconsistent, inadequate public outreach efforts for their initial development, and then exacerbating the situation, subsequently forego any additional future consultation – even when stakeholders specifically express their desire for it.”

Unplanned Road Removal and Restoration, Katmai National Park and Preserve.

On August 1, 2024, Katmai National Park and Preserve will begin removing a 200-foot-long gravel road near Lake Brooks. The road was improperly constructed by the park in 2014 and will be restored to its natural state. The park subsequently consulted with affiliated Tribes and Alaska Native organizations and completed a resource damage assessment. A Tribal monitor alongside park archaeologists are overseeing the restoration work to prevent disturbance to sensitive resources.
