- 1) Submit this form to DNR and DEC (see contact info at top of form) within 45 days of decommissioning, as per 11 AAC 93.140 and 18 AAC 80.015.
- 2) Attach an original water well log. If not available, a blank water well log form is available at <http://dnr.alaska.gov/mlw/forms/#waterother> if well details are known.
- 3) Attach maintenance or water usage records and provide an adequate locational description, including maps or sketches. Use additional pages as needed.
- 4) This form is under development and is subject to change. Please submit suggestions for changes or improvements to the addresses listed above.

Please attach schematics and photos to further document the information provided on this form. This is particularly important for public water system wells and also any other wells that might impact the public water system.
